Venue	:	St Alphonsa Ashram at Attapur
Target Group	:	B. Com. Final Year (Honours)
No. of Participants	:	B. Com. Final Year (Honours)
Resource Person & Organization	:	St Alphonsa

**Objective:**

To inculcate in students empathy for the less fortunate

## About the Activity :

A programme was organized by Final Year B.Com. Honors students on 16<sup>th</sup> September, 2013. This Ashram is at Attapur. The Principal, Rev. Fr. Vincent Arokiadas prayed for the students and staff going on the trip. On reaching the Ashram around 10am, they were greeted by two Sisters and the inmates. Students interacted with the inmates with enthusiasm. The people at Ashram were very friendly. Students' plucked neem leaves so that the inmates could have their weekly neem leaves bath. When they were all ready, students and the faculty in charge Mrs. Nisha Mathur assembled in the Hall. Students were singing and dancing to entertain them. The inmates also joined the students and everyone had a good time.

At round 1pm, it was prayer time and lunch. Enthusiastically, students served lunch organized by them. The students realized that the inmates are chosen by God and are close to Him. Their world is Reality and our world Materialistic. The students learnt that what is more important is to not only reach out to people and share their joy and sorrow but also to be satisfied in life and thank God for this beautiful life. The students left the place with after a small Prayer by Sister in Church. The students promised themselves that they would share the lovely experience and feelings with everyone.

### Activity V

Name of the Activity	:	<b>Commerce Club activities</b>
Nature of the Activity	:	Industrial Visit to ICRISAT
In charge/Coordinator	:	HoD, Mrs. Mary Vinaya Sheela
Date	:	(a) 20-9-2013- B. Com. Final Year Computers (b) 30-9-2013 - B. Com. Final Year General & Honours
Title	:	Industrial Visit to ICRISAT
Venue	:	ICRISAT
Target Group	:	(a) B. Com. Final Year Computers (b) B. Com. Final Year General & Honours
No. of Participants	:	50 students on each day

#### **Objective:**

The main objective of industrial visit to ICRISAT was to bring awareness among the students about the Green Revolution and Water Shed management (Rain Harvesting).

#### **About the Activity :**

ICRISAT and its partners help empower these poor people to overcome poverty, hunger and a degraded environment through better agriculture. ICRISAT has its headquarters in Hyderabad, Andhra Pradesh, in India, with

two regional hubs (Nairobi, Kenya and Bamako, Mali) and country offices in Niger, Zimbabwe, Malawi, and Mozambique

ICRISAT conducts research on five highly nutritious drought-tolerant crops: chickpea, pigeon pea, pearl millet, sorghum and groundnut.

For a long time, dry land farm families have been marginalized out of the development loop. By this development in research, it enables the small holder farmers i.e. particularly poor, women and youth/children to participate rather than be sidelined in the development process. To enable them to produce in surplus amount and also to meet their own food and nutritional needs.
