5.	Guidance on SPSS Project	22 nd July	Vijay laxmi	
6.	Guest Lecture	31 st July	Prof M. Rangamma, BOS Department of Mathematics, O.U	

Monthly report on July month activities:

- The Department Conducted an orientation program for B.Sc I year students on 29th of June where Mr. D.Srinivas Reddy briefed about the various activities of the Department and Mrs. G. Sunitha gave an overview on autonomy to the students.
- A Mat Lab awareness program was conducted by the Department to the III B.Sc students where experts from Academy of Design & Architecture explained the salient features of the Mat Lab soft ware to the students on 2nd of July
- A bridge course for all the B.Sc First year students was conducted on 12th July. 49 students of the total 125 students have scored 50% below marks. The Department has conducted a bridge course for these students on differentiation, differential equations, and integration to help the students in better understanding the syllabi in the present curriculum
- An Aptitude test for 3rd B.Sc students was conducted on 26th July to know their aptitude levels so that the Department could plan a few classes on aptitude for these students to face various competitive exams, entrance exams and placement opportunities provided to them in a successful way.
- The Department resumed its Math Club activity which features a comprehensive set of interactive arithmetic, logic & brain twisting Problems which involve some novel way of thinking or looking at the problem from an unexpected viewpoint. Students who take various standardized tests such as SAT, GRE, GMAT, CAT and other MBA and MCA tests in which Math is one important skill tested will find these very helpful.
- The Guest Lecture to be conducted on 31st July got postponed to 22nd Aug.
