	2.	15.06.2015	IDP/ Certificate courses/ IDS (if any)	IDS regular classes
	3.			Moodle paper wise material upload data preparation documents

- **Programme title: Orientation Programme for I Years**

Date: 29.6.2015

Objective:

The major objective of the programme was to make the students aware of the academic aspects of the course, the rules and regulations of the Institution to provide a smooth transition for the students into the new environment of the Institute.

About Programme:

First year students often feel ill-equipped academically and emotionally, hindering their integration and adjustment into campus life. During orientation, students will be made aware of opportunities to be socially integrated into the college culture. Students also can learn about the various student committees and departmental clubs in which they can be involved.

The programme was inaugurated with the lighting of the lamp by the Assistant Vice principal, academic coordinator and other dignitaries. Rev. Fr. Vincent Arokiadas, Principal of the college, while delivering a speech on the occasion, said that it was not the events but the attitude that caused success. He also stressed the importance of dedication to one's profession.

Mr. Raj Kumar, Academic Coordinator Science, briefed the students about the rules and regulations of the institute and requested the students to understand and abide by the institutional rules and norms.

Entry level *feedback consisting of the students expectations is taken* .

Aptitude Test

An Aptitude test for 3rd B. Sc students was conducted on 29th June to know their aptitude levels so that the Department could plan a few classes on aptitude for these students to face various competitive exams, entrance exams and placement opportunities provided to them in a successful way.
