## 1.JOURNEY OF THE LANGUAGE DEPARTMENT

The department of Languages is one of the most active and vibrant comprising a bouquet of five languages. The ‘Triveni Sangam’ (namely Sanskrit, Hindi & Telugu) and its foreign cousins Arabic & French. It was stated along with the inception of college.

As the language is ever –evolving, so is the department. The autonomy status of the college gives the department ample scope to revive the syllabi from time to time to adopt it to the changing needs of the students. The department consists of two PhDs, Dr. Suryaprakash Jaiswal (Hindi), HoD, Dr. Mohd Irfan (Arabic). The other faculty members are Mrs. Padmasri (French), Mrs. Aparna Rajhans (Sanskrit) & Mrs. Regina (Telugu).

### VISION

- Communicative and interactive abilities in a second language through language analysis and language use.
- Analytical, critical-thinking competence developed through the study of linguistic, social and cultural aspects that define second language communicative-interactional abilities.

A wide/varied educational experience (intercultural awareness and abilities) that will help students become productive members of a society in which multilingualism and multiculturalism are the norm rather than the exception.

### MISSION

- Design, develop and implement an innovative, research-based second language undergraduate curriculum, in close coordination with other academic units.
- Design, develop and implement an innovative, research-based study abroad curriculum that complements and expands the curricular options offered in our college.
- Identify and develop “best practices” in language teaching through observation, empirical research, and assessed outcomes.
- Lead students to develop critical-thinking abilities to study and learn a second language and to understand their own native language.
- Teach students the ability to communicate and interact with speakers of a second language (in both oral and written modes of communication).
- Guide students to become aware of the structural, conceptual, social and cultural aspects associated with language use (including their own native language).
