

# ST. JOSEPH'S BBA ANNUAL REPORT (2019-20)

## 1. ABOUT THE COLLEGE

St. Joseph's Degree & PG College, since 1997 has achieved distinct accomplishments in providing excellence in the field of education with humane values and social commitment. Being a higher education institution, the college focuses on Fostering global competencies among students and inculcating a value system. In 1997, HAES established St. Joseph's College responding to the longstanding need for higher education commemorating the Episcopal Silver Jubilee of **His Grace Late Most Rev. Dr. S. Arulappa**, former Chairman. Late Archbishop **Marampudi Joji** was a guiding force from 2000 – 2011. Today the mantle is donned by His Grace **Most Rev. Dr. Thumma Bala**, Archbishop of Hyderabad whose visionary and pragmatic leadership inspires the Institution to march on the path of excellence.

A Premiere affiliate of the Osmania University, St. Joseph's is an Autonomous College, Re-Accredited by the National Assessment and Accreditation Council with 'A' Grade for its Distinctive Educational Environment, Human Values and Social Commitment. St. Joseph's achieved 2(f) from UGC in 2006, permanent affiliation from OU in 2007, the NAAC 'A' grade in 2008, Autonomous status and 12(B) in 2011 from the UGC. It was Re-accredited by NAAC 'A' grade in the year 2014 and Autonomous Status was renewed in the year 2017. As a self-financed college, it offers 14 UG programs and 2 PG programs.

St. Joseph's is the best choice of parents and students for its enriching multidimensional experience of holistic learning, leading to a bright future for the students.

The College is currently marching towards excellence under the visionary and exemplary leadership of **Rev.Fr. Dr. D. Sunder Reddy**, who is ever enthusiastic to charter new avenues.

## 2.7. THEME OF THE YEAR (2019-20)

### For Institution Goals:

*This year the theme of the year is reflected around 6 Ps for the Institution to focus and 5 Ps of learning for the students.*

#### 1. Purpose:

To satisfy the stakeholders and parent University with the output that is desired and meet their expectations.

#### 2. People (Facilitators/faculty and learners/students):

To develop the faculty through faculty development programmes and students through students' development programmes.

#### 3. Programme:

Design robust and industry relevant curriculum with learning outcomes clearly being specified for every course. Implementation of various innovative methodologies for delivery of the course content.

#### 4. Place:

Providing learning resources, well- ventilated Classrooms equipped with ICT infrastructure and creating a good learning environment.

**5. Process:**

Important areas like Curriculum, Placements, Internships, Collaborations, Associations, Curricular, Co- Curricular and Extra-curricular activities are benchmarked and focused to improve. Feedback is taken from the students in regular interval and reviewed to improve as per their expectations.

**6. Promotion:**

Two new under UG courses BBA (FM) & BBA (HONS), One PGDM course and One additional section of MBA were approved and introduced this year. To focus on branding and increase the visibility of the college.

**For Students:**

*This year the institution uses the following 5P's as a goal to enhance the students' learning this academic year:*

**1. Peer learning:**

To ensure students interact with one another to attain positive learning outcomes. (case study presentations, skill based assignments, mini projects etc.)

**2. Practicality:**

To allow industry based training to develop students' employability skills (Certificate courses/Add-on courses, Workshops, TASK associated activities, extension lectures from industry, industry – institute interactions like industry visits/field visits etc.)

**3. Paced Learning:**

To allow students of different capabilities to manage their modules with the guidance of the faculty (through bridge courses, remedial and tutorials).

**4. Performance based:**

Regular assessments (skill based tests, class tests, quizzes, internals etc.) to measure students' development.

**5. Participative learning:**

To encourage attention, curiosity, interest, optimism and passion in the learning process (Q& A sessions, Student Hub, viva, food fests, idea hub, research based presentation, submission of research articles, encouragement to attend seminars, management fests, organizing management fest, inter-college competitions etc.)

The theme aims at achieving a benchmark in the field of higher education through industry relevant curriculum and imparting practical knowledge and skills among the students by collaborating with industries/ institutions. It also aims and encourages the faculty to use innovative teaching methodologies for engaging students to acquire global competencies. As we believe that Faculty is the important driving force for holistic development of the students, hence the theme gives us direction to develop and update the faculty with the latest trends in the field of management and enhance the skills of students by making them more employable.

#### 4. Process Oriented and Guided Learning (POGIL)

Date: 27-Jul-2019

**Resource Person:** Dr Jyotsna Cherkuri B.Sc, M.Sc, M.Phil, Ph.D.

Dr Jyotsna Cherkuri is an Associate Professor in Chemistry of Humanities & Sciences Department at VNR VJIET. She has 15 years of experience in the teaching field and many publications & awards to her name.

Dr Cherkuri has introduced a new teaching method to the faculty of our college known as POGIL – Process Oriented and Guided Learning.

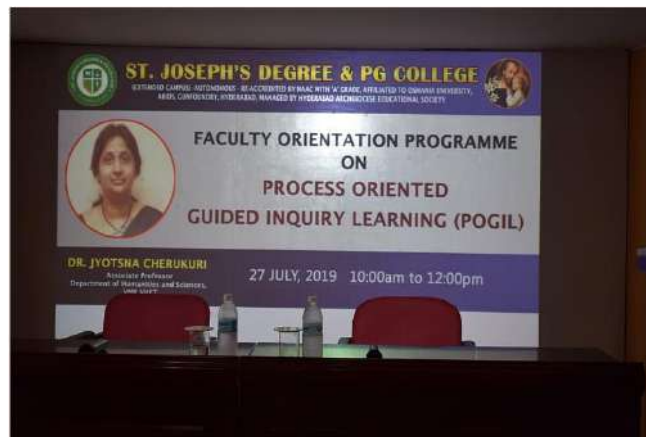

#### INTRODUCTION

The Faculty Development Program was conducted at Vianney Hall, Extended Campus from 10:00 am to 12:00 noon. The event started off with lighting the lamp and a prayer song to bless the occasion. Dean Academics, Dr. R Anita addressed the gathering and the resource person Dr Jyotsna Cherkuri took the session forward.

## OBJECTIVE

To introduce the new teaching technique, POGIL, in higher education.

## SESSION DETAILS

### Problems Faced During Teaching

Dr Cherkuri first put out the problems that teachers usually face during a lecture. They include, retaining student's attention for a long period of time, students study to pass the test not to learn.

### Teaching Styles 3Ds and 5Es

She has provided solutions for the problems caused in a nut-shell. The 3Ds are,

- Direct
- Discuss
- Delegate

The 3Es include:

- Explore
- Explain
- Elaborate
- Engage
- Evaluate

## POGIL

POGIL – Process Skills and Guided Inquiry

It includes Information processing, critical thinking, problem solving, communication, team work and student teacher interaction.

### Roles of students

In this learning method, students are divided into a group of 4 and each student has a different role to play. They include:

- |              |                   |
|--------------|-------------------|
| i) Manager   | iii) Reporter and |
| ii) Recorder | iv) Reflector     |

### Role of the teacher

The teacher is the facilitator and provides the inputs to the students. During the discussion if the teacher has to add a point or inform something they can either clap once or raise their hand to indicate that the class must listen to them.

### Why POGIL

POGIL is a student centric approach. It focuses on core concepts and encourages deep understanding of the course material. This method can be used when introducing a new unit or a difficult concept, when the teacher feels that the lecture isn't efficient or effective and to uncover student misconception.

### Guidelines for designing POGIL

- Create a model (picture/model)
- 1-3 learning objectives of the particular concept
- A sequence of questions to guide students towards the desired concept. (Direct, Convergent, Divergent)
- At least one application question of the concept

### Outcomes and Feedback

The practice of POGIL has provided great outcomes. The students gained Self-confidence, team spirit, clarity of thought, enhanced listening. It also helps to deliver a clear structure on the concept and provides in depth knowledge from the academic perspective. 70% of learning happens during discussion. It improves the student-student and student-teacher interaction.

After the session was done there was a question and answer round where the faculty posed questions to the resource person and had their doubts clarified.

ST. JOSEPH'S BBA ANNUAL REPORT  
(2019-20)

### CONCLUSION

Sheets containing the detailed description of activities were handed out, along with the feedback forms for the session. Our principal Rev.Fr. Dr D Sunder Reddy addressed the gathering and spoke about the importance of activities and the student's interest in a class. He then honored the resource person with a memento. A certificate of participation was provided to the faculty. Later, the faculty discussed how fruitful the session was and were looking forward to implement the techniques in their classes.

**REPORT ON ICE BREAKING SESSIONS FOR BBA IT I YRS FRESHERS:**

**INTRODUCTION**

Ice Breakers can be an effective way of starting a training session or team – building events. As interactive and often fun sessions run before the main proceedings, they help get to know each other and buy into the purpose of the event. By getting to know each other, getting to know the facilitators and learning about the objectives of the event, people become more engaged in the proceedings and so contribute more effectively towards a successful outcome. Such an event was conducted in St. Joseph's degree and PG college on 25<sup>th</sup> of June 2019.

Many activities were conducted for the freshers by the II and III year students along with the faculty members. The session started with a formal introduction of the seniors along their achievements. The juniors were introduced to each other in a rather unique way in the form of a memory game.

The session went on like this.

**Activities Conducted –**

**Group 1**

1. Murllesh Agarwal
2. Siddhant Kanchandani
3. Osman Khadri
4. Sri Krishna

### MEMORY GAME

To help enhance the memorizing capacity of the students by asking them to memorize each other's name by recalling. The activity also helped in grabbing attention of the students at the beginning of the session which also made them more attentive.

#### Group 2

1. Elisha Lakhani
2. Harshada Kasat
3. Yashraj Arya
4. Khusal Kasat

### EARPHONE CHARADES

A fun activity conducted in an informal manner so as to help the students feel at ease among the new staff and the seniors. The activity was conducted in the following manner – students were divided randomly into a team of two, and either of them had to describe a given situation without the usage of speech and the other was required to decipher it.

ST. JOSEPH'S BBA ANNUAL REPORT  
(2019-20)

**Group 3**

1. Firdous Fatima
2. Srihita B.
3. Habeeb Reza
4. Rajanish Vallam

**TRIVIA & LOGO QUIZ:** A tricky trivia quiz comprising of 3 different sets of questions with a total of 13 rounds which included a combination of Rebus puzzle, Logo quiz and riddles was organized and conducted in both the classes i.e., BBA (generals) and BBA(IT). The main motive was to help the students develop their logical thinking by dividing the class into three teams, this helped them realize the importance of team work and at the same time made it easier for them to build a sense of belonging towards their classmates.

### COMMON INTRESTS

Another casual yet spontaneous activity- COMMON INTRESTS was lead by both the faculty and the student coordinators were in the class was again divided into groups of 8. The groups were then asked to jot down the interests which were common all the team mates. The coordinators also participated in it in enthusiastic manner.

### CONCLUSION

To summarize, all the activities which were conducted were successfully able to boost the morale and spirits of the fresher's. Thereby inculcating a sense of belonging, responsibility and understanding among the classmates. The students enjoyed all the games & activities and were eager to participate in more games. Positive feedback was received from the new comers and a congenial atmosphere was effectively created.

**Name/s of the resource person/s: Mrs. Malathi, Ms. Smriti and Ms. Swapna,**

It is the best practice of the Department of Business Management to Orient the students at the beginning of the academic year. In this regard course coordinators Dr. N. Srinivas, Ms. Smriti and Ms. Swapna, oriented the students about the Course structure, Type of course - Compulsory Core, Ability Enhancement Compulsory course and Discipline Specific Course, Total Marks (Internal & External), Credits allotted and Skilled Based Test and gave the details of Subjects offered in I Semester & faculty handling the subjects. They also enlightened students about different Committees formed in this Academic year, to maintain 75% attendance and discipline which is very important and closed this session by motivating the students to participate in various Inter- Collegiate fests and competitions which will ultimately help them to learn and develop. This was followed with an ice breaking session which was conducted by BBA II and III Year students which included activities like have U Met, Earphone Charades, Trivia & Logo Quiz. Casual Interest and Blind Game. All the activities which were conducted were successfully able to boost the morale and spirits of the fresher's. Thereby inculcating a sense of belongingness, responsibility and understanding among the classmates. The students enjoyed all the games & activities and were eager to participate in more games. Positive feedback was received from the new comers and a congenial atmosphere was effectively created.

A brief orientation programme was conducted for BBA (Hons) / BBA (FM) second semester students on 28th November, 2019. With the growing demand for English courses tailored to specific needs, new ideas began to emerge in the study of language. Traditionally the aim of linguistics had been to describe the rules of English usage; however, the new studies shifted attention away from defining the formal features of language usage to discovering the ways in which language is actually used in real communication (Widdowson, 1978). This phenomenon, along with the new developments in educational psychology, contributes to the rise of ESP (English for Specific Purposes). Business English is an area of ESP, and must be seen in the overall context of ESP, as it shares the important elements of needs analysis, syllabus design, course design, and materials selection and development which are common to all fields of work in ESP. A small activity how Business English differs from general English was presented to students followed by the discussion on the syllabus to be covered in the second semester. **Objective of the event/programme:** Agile meets design thinking application in project and real time

**Name/s of the resource persons** Mr. Nagendra Nyamgondalu

**About the speaker:** Mr. Nyamgondalu is the co-founder and Principal Advisor at Skill velocity and has 24 years' experience in the industry with a master's degree in Software Engineering from Brandeis University, USA

The three-day workshop was mainly focused on Agile approach towards projects and how they are used in real time corporate scenario. Each of which is elaborated below.

**Day 1: Introduction to Design thinking**

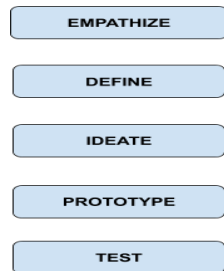

“Design is not what it looks and feels like. Design is how it works” said Steve Jobs. That sums up on design thinking. The speaker explained on what design thinking is and how it is important today. Through a video of “Norman Doors” he projected the idea of how the design of everyday things can impact life. We live in a VUCA world, which stands for Volatile, Uncertain, Complex and Ambiguous. It requires a strong innovator DNA to overcome it. A true innovator's DNA consists of:

1. Associating
2. Questioning
3. Observing
4. Networking
5. Experimenting

## ST. JOSEPH'S BBA ANNUAL REPORT (2019-20)

We understood that value matters the most when we create a product. It is that value which is delivered to the end customer that counts. This requires innovation. Innovation put simply is a five step process. On which we had an activity which required us to study a case study and derive problem statements on them and work on them.

### Day 2: Activities based on the five step innovation process

A recap of the previous day and we went into continuing the activity. This included in coming up with ideas for the problem statement derived, sorting them and choosing the best one out and making a prototype for it. It then leads to presentations of those prototypes and answering questions from the audience. Each of the 15 teams presented and received feedback on them.

We were then introduced to Agile and how to go about it. The process of Agile has 4 steps.

1. **Backlog grooming:** This includes the overall research on the problem statement and the solution proposed.
2. **Sprint Planning:** A sprint is usually a 2-week work schedule that aims to achieve certain goals. These are broken down from the bigger picture.
3. **Self Organising team:** A self Organising team voluntarily takes the work up. This can be done from creating an Epic, a goal then breaking it into User stories, user scenarios, then further making them into Tasks, tasks that can help in achieving the scenario.
4. **Daily standup:** A daily standup is a 15 min standing up meeting where all the team members discuss 3 points:
  - a. Yesterday's progress
  - b. What do we aim to achieve today?
  - c. What blockers am I facing to achieve my goal and do I need help with it.

### Day 3: Project statement and process

**ST. JOSEPH'S BBA ANNUAL REPORT  
(2019-20)**

The 15 teams, each consisting of 3 students were given project statements. The speaker has provided an excel sheet that can help in sorting the project work using the agile approach. This approach makes the work easier, efficient and deliverable in time. The speaker met each of these groups personally and solved any questions they had regarding the project. He also provided information for further contact along with separate whatsapp groups for teams and a weekly scheduled zoom meeting in which the speaker connects with the students and answers their questions. The overall experience was fun and interactive. The session was really informative and understandable. The approach to project gives a glimpse on how the real world corporate work. It was fruitful and insightful.

**REPORT ON INDUSTRIAL VISIT**

DATE :04-12-2019

VENUE: L&T METRO RAIL, UPPAL

**FACULTY INCHARGE: MR. GANESH ANAND.**

The students of BBA-IT-II were taken on an industrial visit to the L&T metro rail office, Uppal on the 04<sup>th</sup> of December 2019. The objective of the visit was to enable the students to understand the importance of collective management and the activities taking place inside the operations control centre.

**VISIT TO THE OBSERVER STATION:**

The students were taken to the arena where the train stimulator was placed to understand the mechanism of the working of the metro. This session was assisted by **Ms. Madhuri** where she taught the students the importance of the stimulator and how it helps it stimulating the weather conditions. Ma'am has also shown a live example of her driving the metro train which could be viewed by the students with the help of 4 monitors placed in front of them.

**VISIT TO THE TRAIN MODEL ROOM:**

A diagrammatic prototype model representation of a metro rail was built in this train model room which roughly represents the Hyderabad metro track consisting of 64 stations stretched along 74km. The components of this model were explained to the students by **Mr. Lakshmi Narayana**.

#### **VISIT TO A PHOTO GALLERY AND OPERATION CONTROL CENTRE.**

This session was assisted by **Mr. Rahul** where he explained to the students the importance of the OCC theatre and how it is considered as the heart of Hyderabad metro rail. Sir has depicted the importance of each panel consisting of traffic controllers, building management system desk, planning desk and the communication desk. The students learnt the need for these panels for the smooth running of the metro. The students also got to view various framed photographs which showed the evolution of the metro starting from its construction stage to its inaugural stage.

#### **A SEMINAR ON HYDERABAD METRO RAIL.**

The final session was taken over by **Ms. Sarika Reddy**, a promotional activist from the marketing department. She started the seminar by introducing to students the communication based train control mechanism and continued with an elaborated explanation on automated technology. Various points were highlighted during the seminar such as the inaugural of the metro rail was done on 28<sup>th</sup> November 2017 by P.M Narendra Modi. And how the metro rail includes factors such as cost, quality, safety and travel. She has also explained that the HMR runs on the DBFOT concept i.e., it has been designed, built, financed, operated and is being transported by the L&T company itself. During the second part of the session, the students were played videos for a more elaborated explanation about the HMR. The first video was entirely about the constructions of L&T company describing its effectiveness. In the second video, the students got to view the evolution of transport system in Hyderabad describing the last mile connecting services with L&T. The third video consisted of an elaborated about the operations control centre depicting the structure of the metro train. The visit finally ended with a formal vote of thanks proposed by the faculty in-charge, Mr. Ganesh Anand.

Faculty Incharge: Ms.Smriti Nagaria

The Department of Business Management organized an Industrial visit for BBA (BA) II Year to L&T Hyderabad Metro Rail, Uppal Depot on 11<sup>th</sup> December, 2019. They were first taken to the Instructor Station. where Ms. Madhuri, Incharge of the particular circuit explained about the display, different tools used, functioning and responsibilities of a driver of the train, observers of the circuit and driver cabin.

Later they were guided towards the Model Train Room to see the model the HMR.. Mr. Sandeep explained the structure of the rai

l, tracks, stations, functioning and coordination of the trains and their timings which was followed by Q&A session . Next, they were guided to Operational Control Centre where Mr.Srinivas, the chief, delineated about the operating and controlling system of HRM where the operational control centre is highly authorized. Few key points stated by Mr.Srinivas were:

- There are 3 screens representing different corridors monitored by 6 different employees.

**ST. JOSEPH'S BBA ANNUAL REPORT  
(2019-20)**

- The display screen shows the security cameras, power lines of the rail, platforms, announcements, time slots, etc.
- The trains are monitored 24/7 despite automatic technology of the rails.
- There are 3 shifts per day, approximately 8 hours.
- The employees do not get breaks during their shift.

A brief session was arranged in seminar hall which was addressed by Ms. Sarika Reddyt from Marketing Department of HMR. The students were delineated about the following through videos:

- The evolution of transportation modes and systems in Hyderabad.
- History of L&T Ltd
- Journey of L&T for constructing HMR.
- Motto and aim of L&T Ltd.

**The following is the brief information learnt during the visit:**

**1. THE JOURNEY:**

- Hyderabad Metro Rail Project is the World's Largest Public-Private Partnership Project (PPP) in the Metro Sector. The Hyderabad Metro Rail Network covers a total distance of around 72Km across three corridors.
- Larsen and Toubro Ltd. (L&T) was assigned Hyderabad Metro Rail Project. L&T incorporated a special purpose vehicle- L&T Metro Rail Ltd. to implement the project on design, built, finance operate and transfer basis.
- L&T HMR started functioning from 14<sup>th</sup> August, 2010. The company has signed the Concession Agreement on 4<sup>th</sup> September, 2010 and completed the financial closure for the project on 1<sup>st</sup> March 2011 in record of 6 months. A Consortium of 10 banks lead by the SBI has sanctioned the entire debt requirement of the project.

**2. THE STATIONS:**

- The stations are aesthetically designed, user-friendly, energy efficient and environmentally compatible.
- The balanced cantilever structural system (spine and wing) typically adapted for metro stations is a unique one.

**ST. JOSEPH'S BBA ANNUAL REPORT  
(2019-20)**

- The entire structure rests on a single row of central columns located on the road median along the alignment, consisting of concourse floor at first level and the platform at the top level.
- Both floors are cantilevering out from the central columns providing clear space for the road traffic at ground level.
- There are 3 Corridors, 65 Stations and 3 Interchange Stations.

**3. HYDERABAD NEXT – TOD:**

- Hyderabad Next – Transit Oriented Development is expected to contribute 45% to the total revenue of HMR.
- Hyderabad Next provides ample parking and circulation areas along with vibrant spaces for work, shopping, leisure, entertainment and healthcare.
- Hyderabad Next has options for independent Built to Suit and multi-client facilities.

**4. HMR – REVENUE STREAMS:**

FARE	NON-FARE

Recommendation for further improvements by the resource persons/feedback

Students need to be more precise on their aspirations. We need to guide them in the right path. Mr. kranti punjala addressed the gathering and introduced about the internship program and selection process. He answered all the queries asked by the students. The role offered is in the area of operations where students have to work on the companys platform mostly on handling transactions of the companys customers. This internship is planned for 200-220 days where the students will be trained and then start working for the company. The students will have to work 4.5 hours after college every day preferably from 3 pm to 7:30pm.

Selection procedure: the selection procedure consisted of 3 rounds:

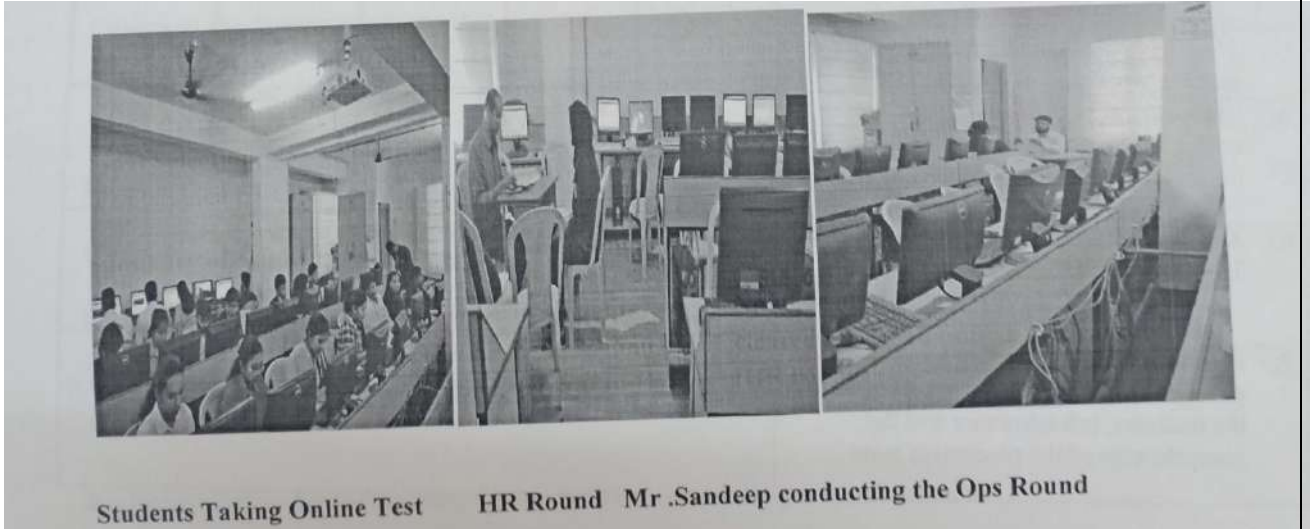

1. Versant Test
  2. HR Discussion
  3. Operational round
1. Versant test: it is an online assessment that evaluates a candidates communication ,apitude and reasoning skills.
  2. Hr discussion: the candidates were posed questions bases on their resumes like TMAJ and reasons to opt BBA course.
  3. Operation round: the students were questions on financial concepts. (about 5 of them went through the round and the rest are to be assessed at a later date)

Final selection: it was informed that a list will be sent to the college and the ones selected will have to attend the orientation at FT campus.

Recommendation for further improvements by the resource persons/feedback

Students need to be more precise on their aspirations. We need to guide them in the right path. Mr. kranti punjala addressed the gathering and introduced about the internship program and selection process. He answered all the queries asked by the students. The role offered is in the area of operations where students have to work on the companys platform mostly on handling

transactions of the company's customers. This internship is planned for 200-220 days where the students will be trained and then start working for the company. The students will have to work 4.5 hours after college every day preferably from 3 pm to 7:30pm.

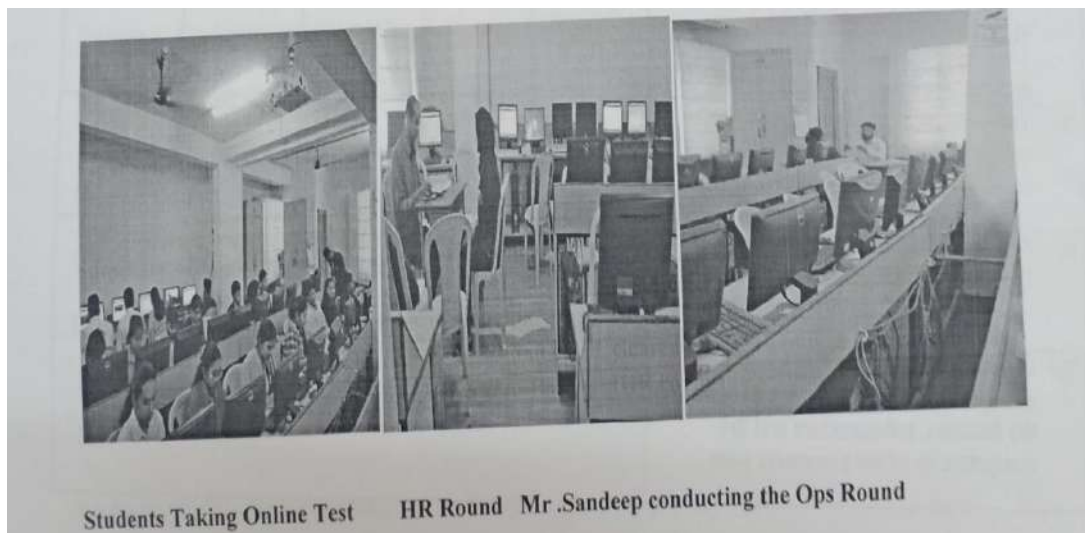

Selection procedure: the selection procedure consisted of 3 rounds:

4. Versant Test
5. HR Discussion
6. Operational round
4. Versant test: it is an online assessment that evaluates a candidate's communication, aptitude and reasoning skills.

## WOMEN EMPOWERMENT CELL

### REPORT ON A SESSION ON MEN UNITE TO END VIOLENCE AGAINST WOMEN

**Date : 10 – 12 - 2019**

**Timings:3:00pm – 4:30pm**

**For whom: MBA I and II Year Students (Boys)**

**No. of Students Attended: 70**

**Objective of the Programme: To orient boys and stop violence against Women**

The Department of Business Management organized a Session On Men Unite to end Violence against Women on account of International Human Rights Day in collaboration with Divya Disha , a NGO working towards human dignity. The session started with an address by Dr. Chaitanya, Director of Asha Hospital and Psychiatrist who mentioned that 1 out of 3 women are harassed at workplaces, schools and colleges which perpetually leads to cases where a woman gets molested and raped then.

#### **How can Men play a vital role in eliminating Rape?**

- ✓ Eliminating the illiteracy in women by educating them at a large scale.
- ✓ Child abuse at home should be addressed and looked into immediately.
- ✓ There should not be a rampant usage of alcohol and other drugs (which can be a severe factor to violence) should be taken care of by the Government.
- ✓ Changes in the environment must take place with awareness and special educative programs should be taking place.
- ✓ Gender inequality is an issue to be explained, debated and spoken about.

This was followed with a speech by Mr. Isidore Philips who shared that on an average 30% people only have sought help on the atrocities which have taken place on women, the emergency numbers if any violence against women take place i.e. **Helpline No's** 100 and 181 **and for Child Abuse** it is 1098 and spoke about the following:

- ✓ The question of “Who” (raped or harassed) arises but gets hidden, always only the victim gets questioned.
- ✓ Why change until there's no vast issue taking place?
- ✓ Chivalry-Explained why this act is just become a yesterday thing and is no longer a characteristic of today.
- ✓ Never do differentiate between the women of your family and the women who become your peers in the outer world.

The next speaker was Mr.D. Venkatesh, Senior Civil Judge, who mentioned that an average of 30% people only has sought help on the atrocities which have taken place on women and he gave an example of the 26/11 attacks and how it gave an impact to the minds of the people which in turn impacted the Human rights.

The last Speaker was Mrs. B Laxmi who spoke about the differences between Traditional culture and Western(now-day) culture, where regional awareness was given by the elders of the family. Main key points spoken about were:

- ✓ Sex ratio getting affected by the mind-set put on the girl-child.
- ✓ Seeing both the genders as human and not tag them as a greater sex or a weaker sex.

Our college students spoke on the topic which covered women issues and domestic violence. The programme was concluded with a Vote of Thanks and students felt it was an informative session.

**Session:**

The Department of Business Management has conducted a session on “Channelizing the youth power for nation building” to encourage the students to dream big and to work hard.

The session began at 11:30 am with the BBA students Alphona and Srinitha quoting Vivekananda’s quotes which are a true inspiration to the youth which was followed by the lighting of the lamp by Mrs. Danam , Mr. Sushil and the other staff members present.

Sushil Sir was presented with a sapling as a token of respect by Mrs. Danam Tressa, HOD, Business Management. Mr. Sushil spoke about the importance of channelizing the power of youth. He spoke about his life experiences and how he met Dr. Abdul Kalam and got to know about his life experiences. Mr. Kalam would always ask the kids what they wanted to be when they grew up in order to make them think instead of expecting an answer.

Sir spoke about his life experiences and how he wanted to be a journalist.He spoke about ISB recruitment interviews and how the job candidates were expected to have subject knowledge.The candidates are usually caught off guard to understand their real personality.

The interviewer expects them to be honest and have integrity as honesty,integrity and sincerity will take a person to great heights. One should always be hard-working. He spoke about the importance of dreaming big and utilize the resources one has.

He concluded the speech by telling about the way honesty and determination will take a person to places.

The session ended with by Felicitating Mr. Sushil with a momentum by Dr.Vandana Samba.

**No. of participants:** All UG & PG Students – 300 approx.

**Objective of the event/programme:** To develop entrepreneurship skills among the students.

**ABOUT THE PROGRAMME:**

The day started with enthusiasm and thrill. The college was beautifully decorated with food posters, balloons and ribbons. All the stall owners were excited to present their food items in front of the audience. The event proceeded with inaugural ceremony which was done by respected principal Rev.Fr Dr.D Sunder Reddy, Dean Academics Dr. R Anita and Head of Department Mrs.Danam Tressa. There were total of 14 stalls with different varieties of food dishes.

As soon as the fest began the stalls were crowded with customers. There were various dessert stalls, Chinese stall, chat stalls and many more. The stall owners even offered challenging tasks to the customers which indeed showed their marketing strategy. The stall owners were rated by the faculty depending upon the taste and their creativity. Songs were played parallel to the fest. The aroma of food could be felt everywhere. Later, the neighboring school students were invited to taste the food. The results were put on hold and was planned to be declared on college

fest or farewell. On the whole it was fun – Filled environment where students have participated enthusiastically.

### Feedback from the Organisations about the visit

They have conveyed that spending time with the children was memorable for them as that helped the children to know that they were cared for. They were happy with the little contribution we have made for them out of our love and affection.

**-Cherish Foundation**

We are really happy with the visit of students of St. Joseph's Degree & PG College that is so memorable & cherishable. We wish to have many more visits to come from your institution. Thank you St. Joseph's.

**-Vatsalyam**

### Foundation

The teachers and the coordinator of the primary school were delighted by our visit. They said that the students feel joyous when they have visitors, especially youngsters who not only conduct activities for them, but also be a part of it, along with them. They even mentioned that it being a 'Government' school people usually misconceive this need for donations, neglecting its substantial plight, and thus, were contented to receive the donation. The entire staff wholeheartedly loved the effort and thanked the college for this social initiative.

**Timings:** 11:00pm - 12:30pm

**Venue:** Auxilium Navajeevana, Secunderabad.

**Objective of the event/programme:** To promote the importance of helping the needy people.

**About the programme with photographs:** As Staff welfare committee member we always celebrate peers birthday by collecting money from all the staff. But for a change instead of celebrations, we donated money to Auxilium Navajeevana home.

Here there are 50 girls of all ages. Most of the girls are orphans and some of them are single parent child. This is completely organized by sisters. The main aim of this programme is to help the needy. We felt happy to spend time with all kids and got inspired by their conviction towards their goals. We wish great success to all kids and may all their dreams come true.
