There were a total of 110 animals in the shelter, consisting of disabled, injured, sick and ailing dogs, cats, kittens, pigeons and eagles. We were educated about the plight of stray dogs and how due to fighting for food, they get injured, catch infections and die, if someone doesn't look out for them. Students were also sensitised to the situation of voiceless pigeons and eagles which get injured due to manjas during Sankranthi.</p> <p>The students assisted in providing water via syringe for an injured dog which could not have drunk water itself. The students also played with some puppies and few also considered adopting them.</p>
10	Outcome Feedback (Students / Faculty / At Venue) :	<p>The supplies were to the volunteers who were very grateful and requested the students to keep visiting and helping the voiceless animals.</p> <p>The students felt a sense of pity and promised to take care of animals in their locality and to reduce the trouble and pain faced by these voiceless creatures.</p> <p>Despite the students not being mandated to visit the shelter and partake in JSR, it brought the faculty immense pride that the students were enthusiastic in doing so, either via contribution or visit.</p>

REPORT ON JOSEPHIETS SOCIAL RESPONSIBILITY (JSR) - 2020

Date: 15 February 2020

2	Class / Year / Semester	MA(MCJ)/ Ist Year/ II Semester
3	Class In-charge coordinators	Mr. Rathan
4	Total Strength of Class	19
5	Number of Students attended	05
6	Program Details	
7	Place of Visit	Shalom Christian Old Age Home, Ramanthapur, Hyderabad
8	Student's contribution (In terms of money /material/other)	Rs 2750/- and daily needs items to include grains, soaps, detergent powder, cooking oil, saris etc
9	A Brief report about Program and Activities carried:	<p>(a) The changing socio-cultural values of the modern society is affecting the basic fabric of joint family system in India. Joint families which were the norms of the society had degraded at a very fast pace. This has resulted in evolution of nucleus families and mushrooming of old age homes in the country. Even, Hyderabad is also affected by this change.</p> <p>(b) A visit to Shalom Old Age Home was conducted by the students of Mass Communication on 15 Feb 20 to spend some quality time with the old aged people who are staying there because of economic compulsion or due to family/ personal reasons.</p> <p>(c) The students of MA(MCJ) under the guidance of Mr, Rathan organized this outreach visit program to serve the old people</p>

		<p>residing in the old age home. The visit was conducted purely on volunteering basis including contributions. The aim of the activity was to bring smile on the faces of the old people who are staying aloof from their families and also to inculcate the students to serve the humanity.</p> <p>(d) The team arrived at the old age home at approximately 10.00am on 15 Feb and interacted with the older people. The interaction was carried out in an informal environment as maximum students were of their grandchildren age. Sharing of refreshments and listening to their mischievous of yesteryears helped in lighting the mood of the residents. On that day the home was accommodating eight old people.</p>
10	Outcome Feedback (Students / Faculty / At Venue) :	<p>(a) Such visits to be conducted on monthly basis or in rotation by various departments.</p> <p>(b) Regular interaction is must to develop the bond and serve the people, otherwise it will become a calendar event.</p> <p>(c) Visit to be organized on working days for more participation.</p> <p>(d) Feedback from the place of visit should also be taken to understand efficacy of visit and points for inclusion in future visits.</p>
