## **1. JOURNEY OF THE LANGUAGE DEPARTMENT**

The Department of Languages is one of the most active and vibrant comprising a bouquet of five languages. The 'Triveni Sangam' (namely Sanskrit, Hindi & Telugu) and its foreign cousins Arabic & French. It was stated along with the inception of college.

As the language is ever - evolving, so is the department. The autonomy status of the college gives the department ample scope to revive the syllabi from time to time to adopt it to the changing needs of the students. The department consists of two Ph.D.s, Dr. Mohd Irfan (Arabic) and Dr. T.P. Singh / Dr. Sadique Pasha (Hindi). The other faculty members are Mrs. Padmasri (French) HoD, Mrs. Aparna Rajhans (Sanskrit) & Mrs. Regina (Telugu).

### **VISION**

- Communicative and interactive abilities in a second language through language analysis and language use.
- Analytical, critical-thinking competence developed through the study of linguistic, social and cultural aspects that define second language communicative-interactional abilities.
- A wide/varied educational experience (intercultural awareness and abilities) that will help students become productive members of a society in which multilingualism and multiculturalism are the norm rather than the exception.

### **MISSION**

- Design, develop and implement an innovative, research-based second language undergraduate curriculum, in close coordination with other academic units.
- Design, develop and implement an innovative, research-based study abroad curriculum that complements and expands the curricular options offered in our college.
- Identify and develop "best practices" in language teaching through observation, empirical research, and assessed outcomes.
- Lead students to develop critical-thinking abilities to study and learn a second language and to understand their own native language.
- Teach students the ability to communicate and interact with speakers of a second language (in both oral and written modes of communication).
- Guide students to become aware of the structural, conceptual, social and cultural aspects associated with language use (including their own native language).
- Prepare and train language teaching faculty through professional seminars, lectures, workshops, and critical analyses of model classrooms.

- Promote professionalization of language teaching staff through funded research, training, and course development.

### **JOSEPH'S GREEN GROUP ( JGG )2019 - 2020** **REPORT ON VISIT TO ACTIVE FARM SCHOOL**

The visit began on Thursday, 18<sup>th</sup> July 2019, from St. Joseph's college. There were 3 buses to escort all 125 students and 4 faculty members. There was a short prayer in the college before embarking on the trip. The trip was organized by Joseph's Green Group. The location of the school is in the district of Chevella which is at a good distance of 56 kilometers and the time taken for the journey was approximately 2 hours.

The students and faculty members reached the active farm school at around 10:30 AM and were served nutritious breakfast which comprised of *khichdi*, bread and jam and cornflakes along with milk.

The instructor briefed everyone about agriculture and its relation with entrepreneurship and demonstrated the process of planting seeds properly and familiarized everyone with the jargons involved in agricultural field. The students were divided into 4 groups and every group was assigned an activity. The activities involved serving food to the domestic animals, sowing seeds, experiencing a tractor-ride, preparation of bio enzymes and a special solution to enhance the growth of plants.

Working in the rice field was a different experience altogether, significantly different from anything one would have to do in the city, it really helped to develop an insight on how much effort goes into one plate of food, at the same time it reminded everyone about why the protection of the environment is so important and how one should be more responsible in one's approach towards the environment. A few games like gillidanda were conducted for all played few games in the open and later a delicious lunch

was served. The activities were filled with fun and knowledge, they were taught by the farmers in a very friendly and helpful manner. Over-all it was a great learning experience for the students.

At around 4 PM the students and faculty members bid adieu to the villagers and left the active farm school. Before leaving, everyone were handed bags of manure and soil to take it home and to try out planting activities on their own. The whole experience was absolutely brilliant and increased everyone's practical knowledge about agriculture and changed everyone's perspective about how life is in farms. Everyone thoroughly enjoyed the excursion and the general consensus is that everyone should have an activity like this as it helps to gel students up with the environment.

His talk was followed by the Question & Answer Session.

**21<sup>st</sup> May 2020**

**From Day Four the focus shifted to foreign language.**

Arabic is a Semitic language. Around 260 million people use it. It is one of the six official languages of the UN, others being English, French, Spanish, Russian & Chinese. As the language of the Qur'an, the holy book of Islam, it is also widely used throughout the Muslim world.

The Day Four topic was, "**Learning through Machine Translation (MT)**" and the Speaker was Dr. Syed Shujaiddin Quadri Aziz.

Mrs. Aparna Rajhans introduced the speaker. He's presently the HoD & Assistant Professor, Department of Arabic, University College for Women, Hyderabad. He has several research publications to his credit.

Dr. Aziz said, Machine Translation is a challenging task that traditionally involves large statistical models developed using highly sophisticated linguistic knowledge.

Dr. Saadiq Pasha rendered the formal Vote of Thanks.

## 22<sup>nd</sup> May 2020

The fourth day's topic namely Machine Translation was continued. It was conducted by Dr. Irfan Moiuddin, Assistant Professor in Arabic, St. Joseph's Degree & PG College. He threw more light on the subject & told the practical difficulties that one may encounter while translating. He said MT is a subfield of Computational Linguistics that is focused on translating text from one language to another.

He also conducted the Question & Answer Session and answered all the queries of the participants on the said topic.

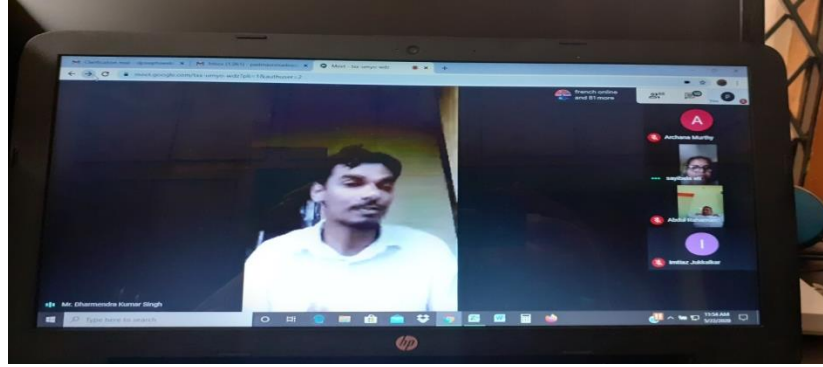

The last session was devoted to French Language. The topic was **"Demand for French as a Foreign Language."**

The HoD of the Languages Department Mrs. Padmasri introduced the Resource Person, Mr. Dharmendra Kumar Singh, Assistant Professor, Department of French Studies, English & Foreign Language University (EFLU), Shillong Campus, Shillong, Meghalaya.

The Speaker highlighted that more than 220 million people speak French in five continents. Learning French can open up study opportunities at renowned French Universities & business schools ranked highly in Europe. Also, students with a good knowledge of French are eligible for French government grants to enroll in postgraduate courses. Learning French can also be very useful when you get employment in the hotel industry, fashion, the visual arts and theatres across anywhere in the world as French is the most spoken language in these sectors.

The talk was followed by Question & Answer Session.

Dr. Saadiq Pasha briefly summed up the Five Days Webinar.

Mrs. Padmasri thanked the Principal, Management, the Collaborator, colleagues & also the technical support staff.

Feedback was administered to the participants & E- certificates were mailed to all the **228** participants.
