### **A Brief report about Program and Activities carried:**

Children are the prized possessions of their parents and the apple of their eyes. But unfortunately there are kids who do not have such a fortune. A visit was organized to the AMANVEDIKA SNEHGHAAR BOYS HOME on the occasion of JOSEPHITE SOCIAL RESPONSIBILITY WEEK by the students of B.com I IFA, ST. JOSEPH'S DEGREE AND PG COLLEGE on 16th FEBRUARY 2019. It was a way in which they wished to show their love and affection for kids. There were children belonging to age group 6-12 years. An introductory session was the beginning of the wonderful time the students spent there. The children were all charged up and full of life and the students of our school danced and sang along with them, making them feel elated and that they are being taken care of in every possible way. After the interactive session all the kids were invited for lunch and they were personally served by the students, and as the day progressed all the students of our college seemed to have been sharing a very good bond with the kids.

### **Feedback :**

Our visits to the orphanage were nothing like we ever could have imagined. It was expecting a really challenging and upsetting environment but in reality it was much different. Although the children come from very difficult backgrounds it is far from obvious. Over the 4-5 hrs we spent there we were able to get to know the most amazing group of children. The love, laughter and cuddles that these children were able to give and receive was nothing like we have ever experienced before and it really hit me that happiness is not something we get through material items and having the money to be able to do great things but instead from the people we surround ourselves with. We really hope that we can come back in the future and help these kids more. There is a lot that we have taken from this trip but our visits to the orphanage provided us with an experience that has hit our Hearts, we will never ever forget it and we have been inspired to keep helping people in the future.

**B.Com III C (Computers)**

We the class Students of 3C would like to thank Rev. Fr. Dr. Vincent Arokia Das for giving us an opportunity to spend one whole day doing charity deed representing our college. So 16/2/19 being a day decided as JSR Day we visited an orphanage for boys to spend some time with them, share, make them happy, spreading smile and help them by whatever way we can.

This orphanage for boys is run by Sree Educational Society. A warm welcome was given by the children to us. We began our day by offering prayer by class in charge Mrs. Mary Vinaya Sheela for the well-being of all and for the bright future for the children.

Then we had an interactive session between the children and the josephites. All the children and josephites introduced themselves to each other.

The Josephites and the children paid our tribute to CRPF JAWANS who lost their lives in terrorist attacks.

Naman & Niyati conducted 4 games for the children

- The Balloon Game
- The Cup Game
- The Ball Game and
- The Lemon Game

After the Games, refreshments were distributed by the Josephites to the children. Prayer was offered by the children before having the refreshments

A moral story was narrated by Krupa Tatpaka to the children, and all those who answered the questions asked by Krupa Chocolates were distributed.

Karishma Khemnani conducted drawing competition for the children on the theme I love my country.

Later all the children had a lot of fun dancing

After a fun filled day to share our joy with these children, efforts to make it a memorable day ended with prizes were distributed to the children who won in the games and drawing competition. Some prizes were given to the children who danced and sang well.

Our students donated a refrigerator and a water purifier to the Orphanage for benefit of the children. The refrigerator was delivered to the orphanage on 15/2/19 around 11 am.

Our class students including faculty had contributed and collected Total funds of Rs 16950, our total expenses amounted to Rs. 14932 and the balance amount of Rs. 2018 was contributed for Shaheed Jawans on behalf of the class. The main motto behind visiting the other orphanages was to help as many children as we can with whatever little amount we could collect and bring a smile on their faces. With this we ended our JSR day on a beautiful note.

As we are from the final year it was our last time we could all together with our whole class do this for the last time had really made good memories which we will surely take with us from this college and cherish it life long and by the end of the day we ourselves built a good bond among us as we hardly get time to go out with our classmates. It was indeed a beautiful experience through which we had learnt a lot of things looking at those children that we should thank the almighty for whatever he has blessed us with and stop complaining about life for every small reason and be happy with whatever we have. With that said I would finally want to thank our class coordinators who coordinated the entire Programme in making this day successful..

Thank you to the Organising Committee members.

Class Strength : 58  
Number of Students attended: 34  
Program Details : Devnar School For The Blind  
Place of Visit : Begumpet

Students contribution : 16,500(Braille papers and Refreshments for students)

Students of B.Com Professionals 3<sup>rd</sup> year went to the Devnar School for the blind, Mayurmarg, Begumpet, Hyderabad on 16/02/2019 as part of our Joseph's Social Responsibility as per which the students of the class must contribute some amount and help the needy in various forms like by providing food, clothes, etc.,

Devnar School for the blind consists of around 500 students (boys and girls) who are either partially blind or completely blind which was founded by Sai Baba Goud, a leading Ophthalmologist in the year 1991 and also received several awards for his service like Roy National Award. It is a three storeyed residential campus where the students stay as well as get educated to have a bright future. The school has two separate blocks, one being a school for children and the other being college

We reached the place by 10:00 in the morning. Firstly, we met the Principal of the school, Mrs. Lily Egbert of 82 years who herself is an inspiration for everyone. She gave us a brief idea of how the school runs and the achievements that the students of the school have achieved. Students of this school have become CA, MBA and few of them have also settled abroad. She said how these children learn manners, gain knowledge about various matters and how the teachers patiently teach these students using Braille papers. Secondly, we were taken around the school by the in charge of the school and showed the children of various classes studying and explained how the Braille papers are made. We were also taken to their computer lab and illustrated how the blind children learn operating computer using only the keyboard where the keyboard commands the operation of the operator. Thirdly, we met many children from various

age groups in their lunch time and had a great time talking to them. Those children possess such a positive attitude and have such a strong determination and are a great inspiration for us.

We contributed around Rs. 16500 and took a few food items and Braille papers for the children. We also served food to them in their lunch at around 1:00 P.M. We also interacted with the teachers of these children, two of them being science students from UK who voluntarily gave their 1 year of time for these children.

It was a great experience meeting these children and helping them to adapt a better life in their future. We thank our Principal for giving us a very good opportunity of visiting this school as a part of JSR. We also thank Srilatha ma'am for putting an effort to take us there. All in all, it was an inspirational visit.

#### **Shraddha Orphanage (Boduppall)- BBA (BA) –II**

**Date of Visit: 16-02-2019**

**Class: BBA-II-BA**

**No. of Students participated: 25**

On the sunny day of mid february, we the students of BBA(BA)- II along with our class incharge Dr.Nagunuri Srinivas visited the orphanage, Shraddha located at Boduppall as a part of Joseph's Social Responsibility Activity. The Non-profit organisation is run by Sujatha Burla aka Ms.Suzie. She has been in an accident when she was 20 and is a quadriplegic ever since. She first started off with a textile industry and then got into stock market. Later she found Shraddha to help differently abled children and orphans.

We reached the destination at 10:00 am with the gifts. They include toiletries, stationery and water bottles. We interacted with the students and conducted activities like singing,dancing,merry go round game.

The students interacted with the children asking about their education and the schools they are in. We also introduced ourselves and made friends with them. They were happy to have us. We distributed the gifts to the children and they were delighted to receive them.

We later had a conversation with Ms.Suzie where she inspired us with her story. She told us that she is an aesthete and wants to grow a farm. She also told that she is now shifting from stock market to real estate as the returns are not favourable these days. She was an inspiring woman who taught us that even though life can be hard, we can still make the best out of it despite the circumstances. We are honoured to have met a person like her.

e we began the conversation we served lunch to the children that was prepared by the help in the orphanage. They believe in having healthy food and the children love it.

We thank Rev.Fr.Dr.D.Sunder Reddy, Dr.Nagunuri Srinivas and all the faculty for teaching us the value of life through activities like these. We are glad to be a part of it and expect to serve more to the society

### **The Home For Disabled, Secunderabad**

**Date: 2<sup>nd</sup> March,2019**

**Class: MBA IB**

**Timing:10.30 am.**

A visit to home for disabled is a life changing experience as it is filled with emotions and sentiments. We were lucky to get an opportunity to visit **the home for disabled, Secunderabad** on March 2<sup>nd</sup>,2019 . There were about 42 students from MBA1(B) accompanied by Dr.Vandana Samba, Class teacher and Ms kavya.

The Home For The Disabled was set up by a group of like-minded individuals way back in 1933. In 1972, it underwent an overhaul under the guidance of Father Ambrose, where the tin-roofed sheds were replaced with concrete rooms.

The Home is spread over 3 acres, and houses around 320 inmates - comprising the aged, the disabled, the crippled, the retarded, and the deaf & dumb. It is quite simply a "Home For The Homeless", as Sr. M Esther (the sister-in-charge) calls it. The Home is entirely run by 3 nuns, and the rest of the upkeep is handled by the inmates themselves. The premises are so well-kept that you can literally eat off the floor. It is not called a "Home" for nothing; the younger members are left in the charge of the older inmates, so there is always someone you can call your own. The inmates are productive and create lovely needlework, besides being constantly involved in maintaining their surroundings.

The age group of the disabled were ranging from 10 years to above. We even had an infant who was of 5 months with the cervical disc problem.

### **Activities:**

We started the activities with a prayer which was led by Ms. Jennifer. We segregated ourselves and went to talk individually to everyone. We started playing indoor games with the children.

At first, we had a singing session in which priya, dharani, manoj, amrutha, pushapa Rani, sintia, shanthi, sunil and luvisa took active part in it. Followed by a dance session in which each one of them took an active part in it. Then we had a drawing session where we provided the children with papers and crayons.

We donated them with rice bags, dal, oil cans, bananas, biscuits, crayons, chocolates.

The total amount collected from the class was rupees 10,270/-

9,280/-worth groceries were handed over,

Rupees 990/- worth chocolates were distributed to all the participants.

The visit to the home for the disabled was a fulfilling experience. We came back home with not only memories but also with some valuable lessons. We personally thank our Principal, Rev. Fr. Dr. D. Sunder Reddy for giving us such an opportunity.

Prakash Raju and Hyderabad District Association president A. Narasimha Rao for their support. “My Bharatiya Vidya Bhavan principal C. Ramadevi, vice principal Sashikala and other teachers, have given me the freedom to balance both academics and table tennis,” he explained.

There are only two other Indians ranked higher than Snehit – world no. 18 Manav Thakkar and world no. 47 Manush Shah.

## SNEHIT SURAVAJJULA, SIGNIFICANT PROGRESS

Success in Amman at the 2017 Jordan Junior and Cadet Open; India's Snehit Suravajjula is the player to make the most significant progress on the ITTF World Junior Circuit Standings published on Saturday 5th August.

The 17 year old climbs from no.205 to no.21 (1112 points) on the Boys' Standings; likewise there is also significant progress for colleague, Jeet Chandra, the player he beat in the final. He climbs from no.129 to no.18 (924 points) on a list that witnesses the leading names retaining their places.

Frenchman Bastian Rembert, the winner on home soil in February, remains at the top of the list (2,880 points), ahead of Russia's Artur Abusev (2,560 points), Argentina's Francisco Sanchi (2,275 points) and Romania's Cristian Pletea (1,866 points).

Notably earlier in the year Artur Abusev won in Spain and Poland; Cristian Pletea emerged successful in Tunisia. The top step of the podium still awaits Francisco Sanchi but he has come mighty close; he was the runner up in both Paraguay and on home turf in Buenos Aires.

Meanwhile on the Girls' Standings, Yashini Sivasankar and Prpti Sen, the finalists in Amman and both from India, enter the listings. Yashini Sivasankar, the winner, is named at no.22 (1,000 points), Prapti Sen, the runner up, at no.39 (700 points).

Japan's Maki Shiomi (4,000 points) and Yuka Minagawa (2,300 points) continue to head the order of merit. Maki Shiomi has enjoyed unprecedented success winning in the Czech Republic, Sweden and Spain; for Yuka Minagawa and the next two names in the pecking order it is one win apiece.

Yuka Minagawa emerged successful in Poland, whilst Romania's Adina Diaconu (2,230 points) struck gold in Tunisia, Lisa Lung (1,886 points) won in her native Belgium.

A total of 16 boys and 16 girls qualify for the 2017 ITTF World Junior Circuit Finals in Luxembourg next February, a top 12 finish is the realistic goal to gain an invitation.

In each of the Boys' Singles and Girls' Singles events, no association may be represented by more than two players, the host association is allotted one place.

Each continent is eligible for at least one representative (Africa, Asia, Europe, North America, Latin America and Oceania). Also, to gain an invitation to the Finals, a player must have competed in two continents.
