

**COMPUTER LITERACY DAY**

**2019-20**

## **Department of Computer Science**

### **Computer Literacy Day Report 2019-2020**

**Date:** 9th December 2019

**Venue:** 3rd Floor, St. Joseph's College

**Organized by:** Department of Computer Science

#### **Report:**

The Department of computer Science celebrated a computer literacy day on 9th December 2019 which was aimed to encourage the enhancement of technical skills and create awareness among the students. The below mentioned events were organized on the day with the coordination of faculty members and student volunteers.

S.No	Event Title
1	Pop the Question
2	Just-a-Minute (JAM)
3	IT Treasure Hunt
4	Blind Coding
5	Meme Creation
6	Visit to Govt. School to educate about Computer Literacy

#### **POP The Question:**

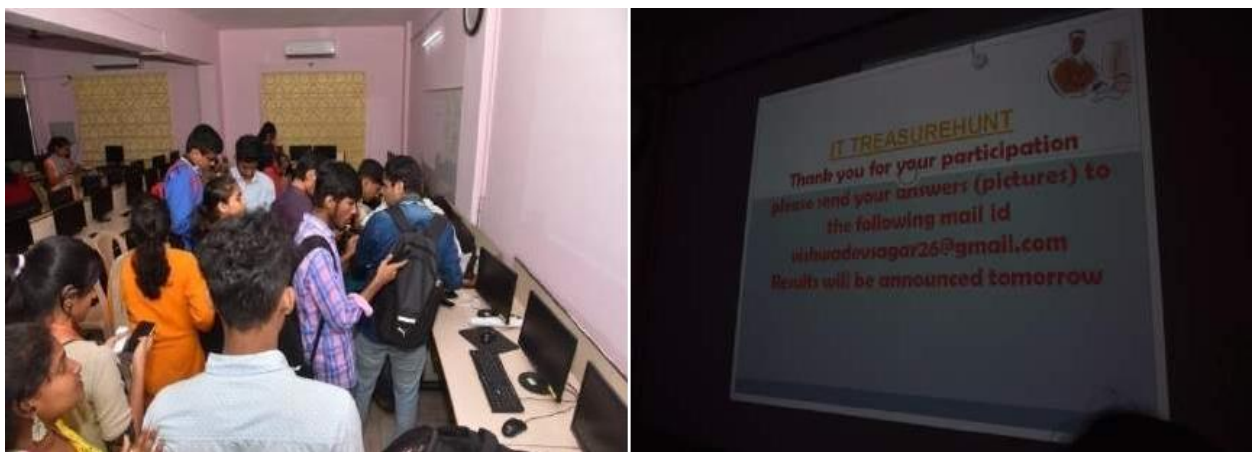

The event was organized during break time in the ground for all the students of different streams. Student coordinators has stolen the show by asking random questions to the gathered crowd about latest IT innovations and some basic questions from the Computer Science domain. Students were all excited to answer the questions which made the event a grand success. The event was guided and monitored by Mrs. C. Swathi from the Computer Science

## Department

Students participating in the session and faculty giving guidance to students

**IT Treasure Hunt Report:** Department of Computer Science conducted IT Treasure Hunt on the occasion on Computer Literacy day to all UG students which showcased their skills and knowledge in finding the Information technology concepts, gadgets, devices and places. It was a real-time practical exposure to students to find the exact device or a gadget or a place based on hints about that treasure. Students from different programmes participated in the treasure hunt and almost 45 groups registered for the treasure hunt consisting 2 in a group. Finally, there were 3 teams winning according to the treasures they found first. Students actively participated in the event. Viswadev, Krithika and Nikitha were the student coordinators. Mrs. P. Madhuri Paul was the faculty in charge for the event. The following are the names of the winners.

**Just-a-Minute (JAM):** As a part of literacy day celebrations department of computer science conducted JAM competition in Jubilee Hall, where around 50 students of different streams participated. Topics such as E-wallet, Cloud Computing, Artificial Intelligence, Cyber Security, wireless sensors etc., were given to the participants. In a given span of time students spoke about each topic very effectively and they even gave technical examples for each. Judges appreciated all the participants for their remarkable knowledge about each topic. IQAC coordinator Mrs. T. Esther Ratna coordinated the event with the help of students' coordinators.

Just-a-minute session

**Blind Coding:** The Department of Computer Science organized “Blind Coding” on the eve of Literacy Day. In Blind coding, Student will type the program off screen and later they judged on the basis of syntax and Execution. 95 students from different streams participated in the event with great excitement. The organizers of the events were Mrs. V.Shailaja.

**Meme Creation:** To create IT related memes was the unique event conducted on the Computer Literacy Day. Around 30 students participated in the event in which they created a spot meme related to Computer Science domain. Students participated enthusiastically and created various fun oriented IT memes. Mrs. Haripriya and C. Swathi organized the event with the help of student volunteers.

**Visit to Govt. School:** To educate about Computer Literacy 3 of our students Anurag, Himanshu and John Issac of B.Sc II,III Years visited nearest government school St Joseph's Girls High School to educate and bring awareness to the children about basic steps of using a computer, parts of a computer, how to create a Gmail account etc.,. Children interacted with our students with utmost interest and gained information about various concepts about Computer and our students also enlightened them about the importance of celebrating Computer Literacy Day.

## Students of B.Sc. educating government school children about computer literacy

Below is the list of winners for individual events

### Blind Coding

S.No	Name of the Student	Section/Year	Prize won
1	Arjun	B.Sc IIIyr(Statistics)	I Prize
2	Fathima Nayeem	B.Com-I C	II Prize
3	Bhuvanesh	B.Com-II IT	III Prize

### IT Treasure Hunt

S.No	Name of the Student	Section/Year	Prize won
1	S.Koushik P.SuryaTeja	B.Sc-II Yr(MECS)	I Prize
2	Sonu Reddy Sameera-	B.com-Comp-II Yr B.com-Comp-IIIYr	II Prize
3	Rahul Basith	B.Com-III IT	III Prize

### MEME Creation

S.No	Name of the Student	Section/Year	Prize won
1	Syed Faaiza	B.Sc-III Yr-(ELEC)	I Prize
2	Mithali	B.Com-I C	II Prize

### JAM

S.No	Name of the Student	Section/Year	Prize won
1	Gautham Abhi Chandan	BA-Masscom-II yr	I Prize
2	Tanuj	B.Sc-III Yr-(Stats)	II Prize

**Outcome:** It helps the students& staff to enhance their skills in latest technology and trends.
