NAME OF THE EVENT: Guest Lecture “Practical application of Responsibility Accounting and its benefits to the organisation”

OBJECTIVE OF THE EVENT: To give students the knowledge on practical application of responsibility accounting and its benefits to the organisation. The objective of the event was to encourage self-learning and practical learning from the side of the students.

CONTENT:

A guest lecture was organised with collaboration of Department of Commerce and Skill Stride Academy on the topic practical application of responsibility accounting and its benefits to the organisation. The resource person Mr. Rishit Agarwal explained about various concepts relating to Responsibility accounting. Firstly, he explained the organisational structure by taking the example of TATA Group. The concept of divisions and functions in responsibility accounting were explained. Centralisation and decentralisation in responsibility accounting were also discussed. Various divisions like Cost centre, Revenue centre, Profit centre and Investment centre were explained. Controllability Principle was explained with the help of an example of sales manager. Controllable cost like all the variable cost. For example: commission of sales employees were discussed and Uncontrollable cost like fixed cost like rent of the office premises decided by the head office were also discussed. Merits like Clear roles and responsibilities, improve performance, improve motivation, overhead costs are known, earn sufficient profits were also discussed. Demerits of the responsibility of responsibility like Dysfunctional decision making, can be complex, inappropriate performance measure, No economic or commercial clarification were explained. A summarised report on profit centres were taken as example for explaining responsibility accounting. It highlighted the controllability principle and its criticism

in application of responsibility accounting. Lastly, a question whether IT department is a cost centre or a profit centre was discussed. It was said that IT department should use their technology build as their investment for which they will get their returns in future. Operating and non-operating income were also discussed in this regard. This way the lecture explained responsibility accounting with a practical approach.

OUTCOME OF THE EVENT: The students found the lecture very helpful. There was positive feedback from students regarding the guest lecture. All the students were able to understand the concept of responsibility accounting.

TARGET AUDIENCE: B.Com II hons and II Professional and B.Com Final year General and Computers interested Students
