Use of ICT Enabled Teaching – Language Lab

CD compiled by the Department of English

Lab Module

Skills Tested: Listening Comprehension

Objectives:

To prepare the students to succeed in the International English Proficiency Tests – TOEFL, IELTS, BEC; To train them for Competitive/Recruitment Exams.

Module Description:

It is primarily a Computer Assisted Language Learning/CBT(Computer Based Testing) Module with Listening Comprehension/Tasks drawn from OPEN SOURCES viz., free downloads of Sample Online Listening Tests of TOEFL, IELTS, BEC etc.

The Module has graded audio exercises to test the listening skills of the students at elementary and advanced levels.

The Module offers practice and training to enhance the listening skills of the students for promoting their language competency.

The Language Lab is aimed at skill development, the scope for which is limited in a class room situation.

The module offers 40 audio exercises which are a compilation of free downloads. Each Audio clip has duration of 5 to 8 minutes each.

The students are asked to listen to the tape with head phones, followed by a work sheet which has questions based on the audio.

The Evaluation is for 10M, which is included for SBT – II.
