I. ABOUT CAREER DEVELOPMENT CELL (CDC)

Training and Placement Cell of St. Joseph's Degree & PG College has established Career Development Cell (CDC) to provide 360 Degree career solutions to the students. Highly Qualified and Motivated Faculty Coordinators of CDC regularly Organise and conduct seminars and workshops on Personality Development, Interpersonal skills, Etiquette and Manners, Career Planning, Effective Communication Skills, Resume building and Interview Techniques etc. CDC facilitates students to decide and pursue their careers in various sectors, which include core Finance, IT, Consulting jobs, Research and Development etc as well as guides the students in terms of Higher Education.

Vision

To capacitate students to identify and pursue a path to a fulfilling career, whereby they can make their own unique mark in the world.

Mission

Recognizing that career development is a life-long process, the mission of Career Development Cell is to equip and support students as they explore and further understand themselves and career options, gain valuable experience, develop as professionals and launch their post-graduation career plans.

Objectives

1. To prepare participants for life time fulfilling careers.
2. CDC assists participants from career profiling till interview assistance this exercise helps to discover opportunities based on their domain background, qualifications and preferences.
3. CDC provides counselling and guidance to those students who wish to pursue higher studies or to crack certain competitive examinations like Civil services, CLAT, IELTS , Bank PO etc

Career Development Cell (CDC), St.Josephs Degree & PG College organized webinar on "Campus to Corporate" for B.Com, B.Sc and BA Final Year students on 25th August, 2021 through online mode on Zoom platform from 11:00 am to 12:20 pm. The resource person was Mr. Krishna Koundinya, Chartered Accountant, Co- Founder of Nine Advisory PTY Ltd. & Startup Coach. The Webinar commenced with introduction of speaker by Vaishnavi Hiranandani, Deputy Head Coordinator, CDC from B.Com final year Honors.

Mr. Krishna Koundinya explained about the importance of Time Management for maintaining proper work life balance. He inspired students with uplifting thoughts and mentioned that individual skills matter the most at the time of decision making in life. One needs to prioritize skills to become a successful person. He said that students should focus on what they want to pursue further rather than thinking on what people would say. They must pursue the field in which they are interested in rather than following the trend. He informed students to have a strong knowledge of MS Excel and basic Accounting as well. He gave tips on how to answer questions in interviews. He believed and stated that if you are not updated then you are outdated. The webinar concluded with question and answer session followed by vote of thanks delivered by Anand Kumar, Head Coordinator, CDC from B.Com final year Honors.

Career Development Cell (CDC), St.Joseph's Degree & PG College organized Campus Recruitment Training Programme for 309 registered final year students of B.Com (General, Computers, Honors, Professionals, IT, IFA), B.Sc (MPC's, MSC's, MEC's) and BA (MCJ & JPE) from 4th to 13th October 2021 at Chapel Hall & Josephs Hall.

The College has tied up with the most reputed "Career Launcher" for the CRT Programme. Career Launcher is a leading training institute from Hyderabad offering wide range of learning facilitation to Universities and Colleges and offers entrance coaching for JEE,NEET,CAT,GMAT and GRE . The Programme covered two areas namely Aptitude (Quantitative Aptitude, Logical Reasoning) and Attitude (Verbal Ability) where students were able to crack the questions by learning the tips and tricks. Mock Tests credentials were provided to the students for practice. Students were satisfied with the CRT Training and gained knowledge about behavioral aspects, problem solving techniques and decision making skills. Student's feedback was positive and said that the training programme helped them to face interviews with confidence. They thanked Fr.Dr.D.Sunder Reddy , Principal and CDC Cell for organizing the programme. Mr. Krishna Chaitanya , Mrs. Nicky Francis and Mrs. Ruby Francis also thanked Principal for giving them an opportunity for conducting CRT Classes.

Pre-Placement Talk by Sutherland Global Services Inc

Our integrated methodology combined with 30+ years of experience helps create seamless, personalized, and efficient digital experiences across industries and business processes.

DIGITAL TRANSFORMATION	PRODUCTS X PLATFORMS X HYPERAUTOMATION	BUSINESS PROCESS
Sutherland Labs designs experiences that unlock human potential from beginning to end – using design thinking, a deep understanding of human insights, process and technology, and how AI can be continuously applied to make them better. Our Digital Engineering team then brings these experiences to life by integrating and orchestrating solutions.	We build proprietary technology that's cognitive, AI-based, and truly intelligent. So much so that we can automate mission-critical, complex processes (not just the cut-and-paste ones). That's how we can unlock innovation, maximize efficiency and supercharge your growth. And keep on innovating to fuel exceptional experiences today that continue to delight tomorrow.	Exceptionally well-designed processes bring great experiences to life. They are the muscle and bone that operationally bind an organization to the real-life people it serves. At Sutherland, we reimagine processes from scratch, designing them for each human. The right process run over the right technology by the right talent makes digital more human.

Delivering tangible and measurable business outcomes.

- **Report on the Event:**

Graduate School Maverick (GSM) aims to connect with the potential future workforce of Deloitte by offering a platform for students to actively interact and compete with like-minded individuals, while embracing different perspectives and being flexible towards upcoming changes. Through this competition, students are given an opportunity to experience a real-world problem where they can use their skills and creativity to collaborate and provide unconventional and sustainable solutions. In addition, the platform enables students to gain exposure to the professional world, interact with and learn from Deloitte's leaders and professionals, as well as experience Deloitte's culture of creating a meaningful impact.
The students will also gain insight into how Deloitte professionals effectively collaborate with cutting-edge technological tools for optimum client satisfaction and deliver top-notch quality service. The event will be facilitated by Deloitte experts in the field. At the end of the event, the participants will be exposed to some of the world-class processes and technologies that enable Deloitte to provide transparency, efficiency, and productivity on a daily basis. Across campuses, GSM is conducted through a series of tests and challenges. These rounds lead up to a one-day finale. With opportunities to collaborate on complex business problems of today and the future, GSM offers students a chance to create an impact by designing innovative solutions.

The GSM began with students registering themselves for the Round 1- Run Up. Run Up is an online, multiple-choice, elimination round that will test the participants on their English language comprehension, logical ability, quantitative ability, and financial accounting. The registrations for the same were open till 23.09.2021, 03:00 PM. The test, which was an hour long, was a Computer Based Online Test (AMCAT) for which the link, credentials, general instructions and guidelines were shared via mail. The test window was available for a span of 3 days for the participants i.e., from 30.09.2021, 02:30 PM to 04.10.2021, 06:30 PM.

While the participants waited for the results, Deloitte engaged the young students with their GSM Engagement Activity. The participants were asked to present their idea of 'a day in the life' on the given themes using their creativity. The themes included Commitment to each other, Strength from cultural diversity and own your career. The participants were free to choose the format of idea as it included Written (blogs, poetry, articles) and Graphical (Photos and Video). The participants need to upload their entry on their social media platforms (LinkedIn) along with the hash tag #forthcomingGSM2021.In total, there will be 3 winners – 1 participant from each theme – with the highest number of likes. The winners can expect exciting goodies coming their way from the GSM team. The participants were given 3 days i.e., from October 7-11, 2021. A lot many creative, interesting and applaud worthy entries were seen as LinkedIn flooded with the #forthcomingGSM2021.

With a creative and engaging weekend, the morning of 13.10.2021, was the moment of celebration as four students of St.Joseph's Degree and PGCollege out of 89 participants of round 1, received congratulatory mails of being qualified for round 2. The selected students were assigned the task of forming a team and deciding a team name as they had to register for round 2 before 14.10.2021, 10:00 AM.

Upon being registered, round 2 - Welcome to the ‘league’, the Mavericks (GSM participants) were provided with problem statement that stem from the day-to-today workings of the Audit world. The objective is for the team to present a solution to the problem. The evaluation was to be based on the ability as a team to apply academic and personal learnings/academic learning and creativity to resolve the chosen problem. There were three problem statements given among which the teams can choose one as their problem and work out solutions for it. The problem statements revolved around the current challenges an auditor deals with in this ever-dynamic corporate world, especially after the pandemic completely changing the way the world works. The problems statements were on the topics Digital Future: Being tech-savvy is the new mantra in this digital world, Hybrid Model: a mix of in-office and remote working model, Environmental, Social, and Governance (ESG): enhance the credibility of information they provide to various stakeholders beyond their audited financial statements. Each team was provided two mentors, Megha Gupta and Gauri Jain (Senior Audit Managers) from Deloitte’s leadership team who helped the participants proceed through this round. There were two mentor checkpoints scheduled during the process of Round 2.

Checkpoint 1 for Strategic Maestros (Joseph’s team) was held on 20.10.2021, 12:00 PM on Zoom. The session was a 45 minutes long interactive discussion space where the team and mentors exchanged, reviewed, analysed various ideas related to ESG and tried to structure their presentation. Detailed feedback about the do's and don'ts were given by the mentors and the students noted them down to improve the quality of their presentation. While the team was preparing for their presentation with full focus and enthusiasm, deloitte scheduled another engagement activity in the form of a Session on Fundamentals of Business Chemistry. Business Chemistry is a Deloitte proprietary tool that helps people identify their personality traits. This virtual session helps our professionals understand the nuances of Business Chemistry and apply it at their workplace to hunch their colleague's Business Chemistry type and adapt their style to communicate effectively and influence their stakeholders. The session was scheduled on 26.10.2021, from 11:30 AM to 01:00 PM.

Checkpoint 2, where the team was supposed to present the solution in MS- PowerPoint Presentation format not exceeding 8 slides excluding the introduction slide, index, and annexure, time not exceeding 10 minutes, was scheduled on 29.10.2021, 12:00 PM - 1:00 PM. Team Strategic Maestros gave a fantastic presentation before the two mentors. They were appreciated for the efforts and the elements incorporated as the solutions were well highlighted with great examples and case studies. A few suggestions were added to enhance and improve the overall performance of the team. The mentors guided in refining the presentation before final submission of the presentation which is due 72 hours from checkpoint 2.

The result of Round 2 shall be announced within one week from checkpoint 2. Evaluation will be Based on the performance during Checkpoint 1 & 2 and the final presentation submitted by the team. Only the top 60-70 teams get to present their final solution at the end of this round.

Report on the Event:

WeMakeScholars visited the campus on 8th November 2021 for recruiting students for the post of Trainee Financial Officer. The team consisting of Ms.Srinidhi Gavraj, Applications Manager and Ms.A.V. Niharika, HR Manager conducted Pre-Placement Talk for 92 B.Com, BA & B.Sc final year students out of 161 registered from 10.30 am to 11.30 am in Josephs Hall, Main Campus.

WeMakeScholars helps study abroad aspirants arranging finance through Scholarships and Education Loans and subsequently have clients in over 10,000 cities and across 200 countries of the world. WeMakeScholars was founded in the year 2015 as a Scholarship search Engine wherein we created the world's biggest database of international scholarships. The initiative is funded and supported by the Ministry of Electronics and Information Technology, Govt. of India under the Digital India Campaign in association with BITS Pilani where WeMakeScholars was incubated as a start-up. In 2016, Education loans support was initiated as a free of cost service. This service was started with public banks like State Bank of India, Bank of Baroda, etc but was later extended to Private banks and NBFCs.

The portal is founded by graduates of The University of Sheffield, UK. The idea originated with the struggle founders had, while searching for scholarships for their masters in 2012. Mr.Arjun R. Krishna (Co-founder) received the prestigious UK Govt. Queen's Diamond Jubilee Scholarship which fully funded his studies, including visa, travel, tuition fee, monthly stipend and a meeting with Mr.David Cameron, British Prime Minister at 10 Downing Street. Ms. Damini received "Developing Solutions Scholarship". This was when they started an online community to fill the gap between opportunities and students. The community grew exponentially to 160K members in a year and members requested to build a dedicated platform to keep the content more organised. Hence, WeMakeScholars.com was born.

WeMakeScholars has been endorsed by many Global Leaders including Ms.Helen Clark, former Prime Minister of New Zealand and Admin of United Nations Development Program

The team said that the role of the students is to coordinate with banks like SBI, BOB, PNB, Axis Bank, HDFC Bank and other partner banks of WMS to help process education loan applications and to advise the prospective students on their documentation and coordinate with banks for the same. The position offered by WMS to the students was Trainee Financial Officer and they mentioned that students could see their first promotion within 2 to 4 months if they showed tenacity. They also shared information about Assessment details with Pay Package and other benefits
