Technical Quiz

Date	:	18 th October, 2022
Venue	:	3 rd Floor Computer Lab
Target Group	:	All Students
Coordinators	:	Mr. A. Venugopal Mrs. C. Swathi Mrs. S. Lavanya Reddy

Report:

The Power Bytes group of the Department of Computer Science held a technical quiz on October 18, 2022, for all interested parties in technology. The event had 47 students from various streams. In the first round of the quiz, participants were evaluated on the fundamentals of the C programming language, and in the second, they had to provide an answer to a logic question. The students felt that the quiz was interesting and gave them worthwhile learning experience. Students Saketh, Srinath, Sai Krishna, and Adnan organized the event.

Outcome:

- Students were significantly educated about the interview's technical questions.
- Students were skilled of answering logical programming language questions.

Winners List

- **First Prize** : Adnan – B.Sc. II B
- **Second Prize** : Meghana- B.Com II IT
- **Third Prize** : Dinesh – B.Sc. III A

Feedback:

Need more competitions to be conducted like this one after college hours. These quizzes will help us in brushing up our knowledge.

We want seminars on this topic

I need practice

Want some seminars on this topics.

Good

The questions were logical and Interesting.

Happy to be a part of the quiz and learned few important things

It was good only

Hlooo

It was a nice experience. As we were not aware of the programming language the exposure was a little low, should've chose a language which we are aware of.

Nothing

Need some guidance to go through

I'm not familiar with c language as much as I'm with c++....the quiz was a bit tough..and it was interesting..

Nice experience

It's a good initiative to develop our skills and enhance for our carrier.
I like all the things about our computer science department.

But the thing is we haven't learned c language. It would be better if the quiz would be of c++ or RDBMS
quiz was hard

Very well organized event

The questions were informative and learned a lot today!

Thanks

Repeated questions

it is a good way of answering the questions and it is innovative...
thank you

Need some technical classes to clear out technical round for interview.

Well made event

none

Need to improve

Cloud computing

I think we need more concepts in c also

I have a lot to study,,the event was fun and enlightening,, I will definitely use this as a lesson..

Good

Was fun,recollected back

Nothing much it was good

We have to be trained to solve these types of technical questions.
