ABOUT THE COLLEGE

St. Joseph's Degree & PG College, established in the year 1997 by the Hyderabad Archdiocese Educational Society, is a Co-education Catholic Christian Minority Institution. The college functions under the patronage of His Excellence Cardinal Poola Anthony, Metropolitan Archbishop of Hyderabad. The college is centrally located in a 2.5-acre WiFi campus with state-of-the-art infrastructure.

The College offers a wide range of Under Graduate and Post Graduate Programmes in Commerce, Sciences, Mass Communication, Business Management, and Psychology.

The College strives to enrich and leverage interactions and associations through industry-academia partnerships, MOUs, Value added courses, collaborations with Govt and Non-Govt. organizations/institutions to evolve into a premier academic institution that fosters diversity, value-added education and research, leading to sustainable innovations and transforming learners into leaders by embracing an environment that allows them to benefit from the technology-enabled processes and systems.

ABOUT THE CONFERENCE

The fundamental role of educational institutions involves transforming societies aimed at a more sustainable future through knowledge creation and dissemination, research, education and outreach, institutions of higher education can lead the path towards sustainable development.

The conference aims to contribute to the exchange of experiences and perspectives on research related sustainable development and also to identify the social issues and challenges in order to provide innovative solutions for the betterment and development of the society.

The conference invites leading academicians, social scientists, research scholars and students from different countries and from diverse fields to exchange and share their experiences and research results on all aspects of Sustainable Development Goals.

CONFERENCE OBJECTIVES

- To provide an engaging platform and immersive learning experience on the need for sustainable development in the fields of Commerce, IT and Management.
- To address the challenges associated with Sustainable development and suggest measures for improvement.
- To create awareness on 17 SDGs and recommend future course of action for effective implementation.

CONFERENCE OUTCOMES

- Relate the existing and emerging knowledge on Sustainability Development and how social, economic, and environmental processes interact and coexist to produce sustainable systems.
- Identify the implications of Sustainable development from the perspectives of Industry 5.0, Green business models, Commerce, Economy and Digitalisation.
- Assess the role of technology in sustainable development in transforming the way we think, live, work, and relate to one another and the external world.
- Discern various sustainability related aspects of business by developing ethical sustainability programs focusing on environmental, social and organizational sustainability.
