		<ul style="list-style-type: none">• Student Research and Internship oriented Projects to be Undertaken.	
--	--	-----------------------------------------------------------------------------------------------------------------------	--

3	Alumni	<ul style="list-style-type: none"> ● PG Programmes orientation at 2nd year for better preparation of competitive exams. ● Need to teach commerce students accounting software ● There can be a practical approach in regards to teaching methods. ● Project should be included for the B.com computers course too. ● Outdated subjects have to be eliminated. ● New subjects in regard to CA intermediate courses have to be brought into the syllabus. ● Market research based projects have to be assigned to students. ● Since most of our students are planning to go for abroad education, IELTS based questions could be included in English subjects. ● Internships should be mandatory after completing the end semester exams. 	<ul style="list-style-type: none"> ● Orientation for Second and Final Years students are conducted in collaboration with IMS ● Tally is incorporated in the Curriculum ● Case Study, Game theory, Role Play, Industrial and Field Visit are followed ● As per the new Program Structure Projects are included for all the Programs ● Internships is offered to the students through value added courses
---	--------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

		<ul style="list-style-type: none"> • Certification courses from reputed Universities like IIM, ISB and other top national and international institutions can be encouraged • Increase relevance of students to be relevant for recruiters and boost incubation programs for startups • Kindly add accounting packages or some short term professional financial certification for all commerce group so as to increase employability 	
4	Employer/ Industry Expert	<ul style="list-style-type: none"> • There is scope for further alignment of syllabus to meet the needs of the industry. • Update according to industrial standards • Accounting ERPs should be taught • Could increase the number of industrial visits 	<ul style="list-style-type: none"> • ERP is offered to B.Com (IT) as an Elective • In the Academic Year 2022-2023 the number of Industrial Visits will be increased

5	Parents	<ul style="list-style-type: none"> ● Extra Curricular activities ● Improvement in syllabus and placements ● Can provide a compulsory training sessions for the students to improve their soft skills ● Give proper guidance in placements. Let students explore all the opportunities they have. ● Allow students to create their own course by teaching them core subjects for the first year and then letting them decide what they study for the next 2 yrs ● More Placement Initiative Is Expected 	<ul style="list-style-type: none"> ● Through ACE Club all the curricular activities are conducted on National Level ● Through Career Development Cell Campus Recruitment Training Programmes are conducted
