Give three observation / suggestions to improve the overall teaching – learning experience in your institution

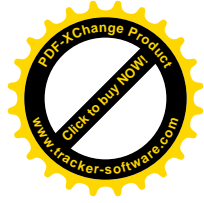

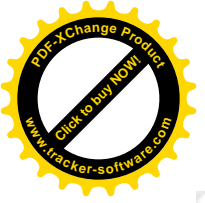

1. Have a plan and finish syllabus on time i.e.before exams
2. Teaching doesn't meet degree level (doesn't gives vibe/feeling that we are at degree level)
3. When teaching is good*, teaching environment should also be good(classroom) , our class rooms are not good (worst) and our campus looks like a Narayana building ☐ We can't get motivation by seeing our college building. When you serve food, it's important that plate should also be clean, you can't serve good food in a dirty plate, I hope you understand what I mean, thank You!!

Topic clearly understandable. Good teaching.
More practical knowledge should be given rather than only text book knowledge
Some of the subjects are not taught to us in a way that helps us for our future More placements (placements related to our vore subjects) Practical knowledge need to be improved
Should complete the portion 10 days before exams
1. Complete the syllabus way before the exams.
Industry based curriculum
The teaching perfectly alright.
Focusing on practical more. Extra curricular activities involving academics need to be considered Student assistance need to be considered a bit more

Parameter	Strongly agree	Agree	Neutral	Disagree	Strongly disagree
