Title of Presentation	Institutional Preparedness for focus on OBE(Outcome Based Education)

(Add/repeat above rows if there is more than 1 Speaker)

Participants Profile

Type of Participants	Faculty
No. of Participants	118

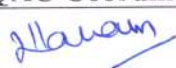

Synopsis of the Activity (Description)

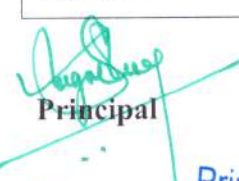

Highlights of the Activity	▪ NEP 2020 emphasizes the holistic and effective integration of general and vocational education. ▪ Rubrics can be understood clearly by knowing about analytical rubrics and holistic rubrics. ▪ IKS should not be taught in isolation but it should be made part of the larger missions like Space science, Swactha Bharat, Atma Nirbhar Bharat. ▪ Re-energizing faculty and also creating opportunities for students. ▪ the role of faculty in detecting the gaps and provided suggestions how to increase points in each metric.
Key Takeaways	1. Insight to understand the role of a teacher in curriculum development. 2. Teaching- learning evaluation and research along with Student Support with timely completion and documentation. 3. Institutional restructuring 4. Gamification in classroom teaching 5. Flexibility in curriculum design 6. Maintaining academic integrity.
Summary of the Activity	• The Program provided a summary of each criterion by comparing the previous NAAC cycles, explained the role of faculty in detecting the gaps and provided suggestions how to increase points in each metric. • Relevance and Importance of Academic Audit, periodic up skilling and re-skilling, customized and interdisciplinary

	programs with a focus on skills and competencies, Gamification in classroom teaching has been explained. • How IKS can be made part of the mainstream education and the influence of IL in education. • Emphasized the methods of practicing Interdisciplinary Education and Bridging the gap of academic –industrial interface. • Need to focus on major challenges in establishment of Multidisciplinary HEIs. • NEP 2020 is a paradigm shift to the existing Education System, it has a different landscape that requires new methodologies or Pedagogy. • NEP 2020 emphasizes the holistic and effective integration of general and vocational education. • NEP is aiming to enhance the Gross Enrolment Ratio in Higher Education. • With this program the vision of India behind NEP 2020 is that India will be a vibrant and self-reliant nation. • The “real transformation is required which means changing from theoretical perspective to a more practical approach”. Vision refers to end goal and it helps us to understand the final objective. • Outcome based education to be given which means, by the end of their study, a HR student should be able to design a scheme for the conduct of an interview or develop a recruitment or selection program. • For OBE, 5 D's are important. ➤ Define outcome ➤ Design curriculum ➤ Deliver instructions ➤ Document results ➤ Determine advancement • Rubrics can be understood clearly by knowing about analytical rubrics and holistic rubrics. RUBRICS are to be developed as they provide timely and specific feedback. • Rubrics Encourages critical thinking, facilitates communication and further helps in refined teaching methods. • An awareness on implementation of Bloom's Taxonomy and evaluation criteria was given. Insights were given on Teaching styles and different levels of student engagement methods.
Follow-up plan	The faculty wanted more FDP's to be conducted based on the

	concept for a better understanding of NEP-2020.
