ST. JOSEPH'S DEGREE & PG COLLEGE

(Autonomous), Affiliated to Osmania University

Re-accredited by NAAC (3rd Cycle) with B++

King Kothi Road, Hyderabad

World Wide Web day

Date	:	1 st and 3 rd August, 2022
Venue	:	Campus Ground and 3 rd Floor Computer Lab
Target Group	:	All UG & PG Students
Coordinators	:	Mrs. Swathi C Mr. Sai Rama Krishna

Report:

On the eve of **World Wide Web Day**, the **Department of Computer Science** organized two events, namely **CICADA** and **GOOGLER**. Students from various disciplines of the college registered themselves in the events. 117 students participated with great enthusiasm and joy. The events organized was very much successful and held pleasantly.

In **CICADA**-Technical Treasure Hunt event. The participants had to scan the QR codes that had been strategically placed throughout the campus and which included hints. The teams that scanned the final QR code presented the coordinators with the decrypted secret code. Based on one of the most well-known internet mysteries, **CICADA** encouraged each participant to understand the proper usage of browser and internet, encoding and decoding, improving their searching and decoding skills, and most importantly, learning the most crucial aspects of the **WWW** in a fun, competitive way. The event was organised by B.Sc. II and III year students Dinesh, Sahil, Rizwan, Adnan, and Suhasa.

In **Googler**, Participants were asked to respond to questions that were shown on an LED screen on the campus ground. The students had 45 seconds to explore the

web for information regarding the exhibit. Students learned about the importance of the web and how easy it made it to access many things. The event was organised by B.Sc. III Year students Aditya, Saniya Mahek, and Raghav.

OutCome:

- Students understood the significance of World Wide Web Day.
- Students enhance their searching techniques.
- Students were made aware about different types of browsers and dependency of our everyday lifestyle with internet.

Winners List

➤ Team 1: First Prize

- ❖ 121421402108 –Jaswanth
- ❖ 121421403032—M.Aditya
- ❖ 121421403023—Swaroop
- ❖ 121421407036—Sankalp

➤ Team 2: Second Prize

- ❖ 121421467016—Nikhil Kumar
- ❖ 121421467004—Aditya Kulkarni
- ❖ 121421467034—Obaid Bawazur
- ❖ 121421467035---Sohail Bawazur

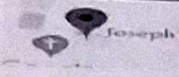

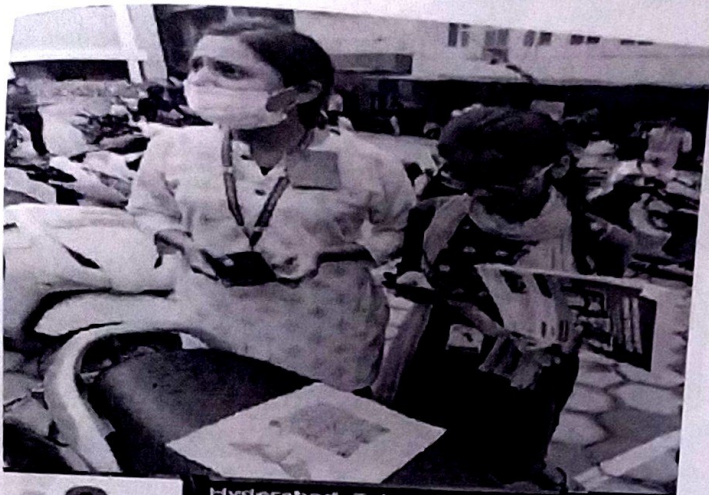

➤ Team 3: Third Prize

- ❖ 121421408056—Jai Kishan Somani
- ❖ 121421408017---Jeet Singh
- ❖ 121421408029—Piyush
- ❖ 121421408052—Rishab Raj

Technical Quiz

Date	:	18 th October, 2022
Venue	:	3 rd Floor Computer Lab
Target Group	:	All Students
Coordinators	:	Mr. A. Venugopal Mrs. C. Swathi Mrs. S. Lavanya Reddy

Report:

The Power Bytes group of the Department of Computer Science held a technical quiz on October 18, 2022, for all interested parties in technology. The event had 47 students from various streams. In the first round of the quiz, participants were evaluated on the fundamentals of the C programming language, and in the second, they had to provide an answer to a logic question. The students felt that the quiz was interesting and gave them worthwhile learning experience. Students Saketh, Srinath, Sai Krishna, and Adnan organized the event.

Outcome:

- Students were significantly educated about the interview's technical questions.
- Students were skilled of answering logical programming language questions.

Winners List

- **First Prize** : Adnan – B.Sc. II B
- **Second Prize** : Meghana- B.Com II IT
- **Third Prize** : Dinesh – B.Sc. III A

Feedback:

Need more competitions to be conducted like this one after college hours. These quizzes will help us in brushing up our knowledge.

We want seminars on this topic

I need practice

Want some seminars on this topics.

3

Good

The questions were logical and Interesting.

Happy to be a part of the quiz and learned few important things

It was good only

Hlooo

It was a nice experience. As we were not aware of the programming language the exposure was a little low, should've chose a language which we are aware of.

Nothing

Need some guidance to go through

I'm not familiar with c language as much as I'm with c++....the quiz was a bit tough..and it was intresting..

Nice experience

It's a good initiative to develop our skills and enhance for our carrier.
I like all the things about our computer science department.

But the thing is we haven't learned c language. It would be better if the quiz would be of c++ or RDBMS
quiz was hard

Very well organized event

The questions were informative and learned a lot today!

Thanks

Repeated questions

it is a good way of answering the questions and it is innovative...
thank you

Need some technical classes to clear out technical round for interview.

Well made event

none

Need to improve

Cloud computing

I think we need more concepts in c also

I have a lot to study,,the event was fun and enlightening,, I will definitely use this as a lesson..

Good

Was fun,recollected back

Nothing much it was good

We have to be trained to solve these types of technical questions.

Report:

The Power Bytes Club has Organized an Event entitled “**Awareness Program on Safe Internet Banking and UPI Transaction**” in Connection with “**Computer Literacy Week**” observed by the Department of Computer Science on 30/11/2022. This event was conducted to create awareness among the Supporting staff of St.Joseph's Degree & PG College. The students' coordinators Mr.Vamshi, Mr.Srinivas, and Ms.Thrisha were actively involved in the discussion and demonstration. They explained the importance of secure internet bank transactions and UPI transactions. The Support Staff actively participated and learned about the effective methods for safe Internet banking and UPI transactions.

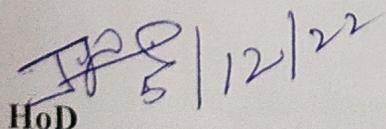

Outcome

- Supporting staff gained awareness of instant money transfer and payment of bills.
- Awareness of not sharing OTP and dealing with fraudulent calls.
- Awareness of checking bank balance and Scan QR Code
- Provisions of safe, convenient, and easy access to UPI accounts.

Report:

The Power Bytes club of the Department of Computer Science organized an Awareness Drive about the Basics of Computing in the Real World, Safe Internet Browsing and Social Media Presence on November 25, 2022, for all the primary school students of Government Primary School, Chowdinanamiya, Kachiguda. The event had up to 60 students from the school. Through the different stages of the awareness program, the students of Power Bytes Club educated the children on the basics of computing. They started with what a computer is, what it is composed of, and how inputs and outputs work. In the second stage, they made the students aware of the safety threats they might see on the Internet and how they can avoid the same. The third round involved a quiz on all that had been taught to the students. Those that answered said questions correctly were given a prize right away. The overall winners were taken to the fourth stage where they had the chance to operate a laptop for recreational activities, which helped them understand computers better and incited their interest furthermore.

Outcome:

- Students of the government school were taught the basics of how a computer works and how they can operate one
- The students were taught the importance of safe internet browsing and being careful with social media
- Doubts and questions of each student were clarified individually until they were satisfied
- Students were exposed to technology and knowledge they normally wouldn't have access to in their school
- Most enthusiastic Students had the chance to operate electronics
- An interest in computing was incited among the students who have had limited access to technology

Feedback:

The principal of the school, Mrs Karuna Jyothi, personally talked to the students of the club, thanked them for their efforts and urged them to return to the school, emphasizing the effect the program had on students. The students were greatly encouraged to look into computing, evident from their post-program interactions with the volunteers and the members of the Power Bytes Club.

Department of Computer Science Power Bytes Club

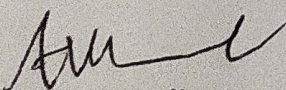

Date : 4th, March 2023
Venue : Government School, Muknoor Village, Hyderabad
Target Group : School Students
Organized by : Power bytes club, Department of Computer Science

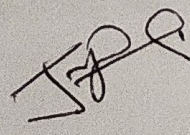

Report:

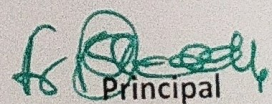

Powerbytes Club (Department of Computer Science) has organized an outreach program to a school in the village of Muknoor in Telangana, adopted by St. Joseph's Degree and PG College, on the 4th of March, 2023 as a part of **JSR DAY**. The aim of the program was to educate young children in their formative years about the importance of computers, how the same can help them in their future and day-to-day activities, and how they can easily use this tool to boost their education and living standards. The program took the form of a hands-on class on the basics of computers. The children were taught how a computer works, right from the basics like naming the parts of a computer to what a computer is used for, using computer games and computer-related apps as an opportunity to learn the same. This was a great way for the children to learn while also having fun. It was ensured that the children were focused and concentrated throughout the class through the means of interactive questions and games.

Outcome

- The students of the school gained exposure to the numerous ways a computer can help them in their daily lives and how crucial it is for them to master it.
- Empowered the children of the school to use and appreciate technology.
- Ensured that the children have an opportunity to get a computer education at a young age and become digitally literate.
- Induced the spirit of charity among the students of the club and volunteers, motivating them to organize and participate in such programs further.
