The program was initiated by Mrs Aparna Rajhans, coordinator who gave a brief introduction about library and Knowledge enhancement and its necessity for current situations. Dr. S. Venkata Siva Kumar, Associate Professor & CoE, PGDM, introduced the In house Guest resource persons of the day.

**The key factors highlighted by the Resource persons are as follows:**

#### **1. Mr. Jyothi Kalyan, Assistant Professor, DBM**

The talk is about usage of digital resources available at the institution level. These resources are available for both faculty and the student's equally. The resource is available through N-List. An initiative of government of India to improve the access of individuals to the most valuable resources which are not available for all.

These services are given through institution library. Each individual will be registered on this digital platform through college library and the credentials are shared to them on their registered email ID (official mail IDs) through N-List, we can access thousands of journals and E-Books for free of cost.

We can also download them and save them on our pc/laptop/mobile phone for future access. If we wish to get a printed copy of any book which is of high cost, we can use the service of DELNET. Through DELNET we not only read the digital resources, but we can get a printed copy which can be couriered to the registered address of the college.

This service is available only through membership and our college is having membership with DELNET. Those who wish to get a copy of the book they can approach the librarian and raise a request. The best part of it is that they don't charge any amount on rental except that to and fro postal charges are to be paid for the book requested.

The resource person Mr.Kalyan explained about the advantages of using N-List and DELNET and process of accessing it online.
