It was satisfactory

No need to improve

1)Use better graphics and visual media to engage students well. ...

2) Try to reach every student and ask for their doubts. ...

3) Make teaching a two way interaction.

Ok

Can improve more

Communication between Faculty and Student should be effective, Respect and Standards should be maintained either ways. It's not just about spreading book knowledge but also cutting it down and explaining it in simple words with appropriate examples.

Not applicable

Attendance

Every teacher was good

We were supposed to be taken for industrial visit but we were not taken for it. So please don't fool the student and give fake promises.

The faculty is good but has to be more friendly and understanding..

Allot more activites to the children rather than making them study a whole book

Communicate with students more

- 1) no online classes ..
- 2) finish syllabus on time
- 3) give examples while explaining

- No proper faculty allotment, practical knowledge can be taught more, domain specific placements are needed.

1. More field trips
2. More options in certificate course
2. More events

Communication skills can be improved and the timetable and portion can be covered more systematically.

Benches are not clean so please look after it.

Nice

Satisfied with everything

Try to reach every student and ask for their doubts.Make teaching a two way interaction.

It's good

Good education room for improvement

Take more field activities and trips

Personalized Learning
Active Learning
Technology Integration

- 1)Faculty should teach !
- 2) Faculty should have proper knowledge
- 3) Faculty shouldn't do partiality,There should be uniformity.
- 4) Soft skills to be improved, Need to know how to communicate
- 5) Faculty should give their knowledge not the googles , which even students can gain knowledge through.

Should be in good way

Partial, communication skills, infrastructure

They can be improved
