Management club events

Good friends

Josephiesta

Made friends for life and learnt to get better at giving presentations

Good faculty, best education

Many best memories like finding new people and good faculty

Annual fests

The campus is the place and events conducted are the best

Fests, celebrations, Christmas competitions

Nothing except gaining good friends.

Friends and Faculty

I have learnt good communication skills at the starting of my College I was like sitting at the corner not speaking to anyone and now it was totally opposite to me

Cooperation of teachers with students

NI

Actively participating in different clubs and activities

Practical classes and events

NIll no best experience

Faculty is very kind and supportive.

Participating in events

Josephiesta , Cultural fests, Departments Fest and more

Culture , Quality of Education

Cultural

Good and friendly faculty

Interactive faculty and best courses offered

The experience of online classes

No experiences

We experienced many things and we had good communication with all the faculties and the best part is coming late waiting outside the gate after that we never came late

A few experienced and supportive faculty, all round development

Best teaching faculty

“Event & Fests” Of St. Joseph Degree & PG College

Teaching is very good and friendly atmosphere

Every moment and day was memorable and informative

On the day of josephiesta

Best experience was event like jsr

events

Engagement with the faculty and extra curricular activities

Time spent with friends

JSR, Annual fests

Learning , Analytical and problem solving .

Faculty helping us.

26 alphabets cant describe

Having all the practical knowledge not only in computer science but also in statistics and with the help of guest lecture we had some knowledge about power bi.

Everything is best

We only had few event conducted in college though its was limited we all had good memories

Jsr program

Faculty is Very Much Free to help and Guide us and College is Well Disciplined and Strict. And also College Encourages Co-Curricular Activities to explore many things and and also College and the faculty encourages us to gain and reveal our knowledge and Talents so that we may improve more and more in the Future !!!

I over came with stage fear

Studying environment, cultural program and activities

Everyone there is extremely helpful. Any questions you have they are ready to help. If you call they will always help call you back. Always feel welcomed by all the staff

Friends and few friendly faculty

Subjects, friendly faculty, found a good friend

Gaining long lasting friendships

The brainstorming session to come up with creativity and every schedule where we visited the studio

Working in the mass comm studio

Best learning experience.

1st year of BBA and internship program.

Best experiences with the best faculties, the connection I had

St Joseph's gave me best experience as a student. It allowed me to explore new things daily.

All

Good studing environment

JOSEPHS SOCIAL RESPONSIBILITY

Annual fests 🎉

Other co curricular excluding studies,i loved the quality of education

Better teaching

Good supportive lecturers,highly knowledgeable.i.e. very good at teaching.Nice college management.

Some faculties

Nil

Josephiesta

Submitting assignments

Non availability of notes

Placements

Attendance

No proper management with regards to completion of syllabus and SBTs.

Living college

Problems that I encountered are only with online classes.

None...

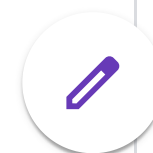

Nothing yet

Which was encountered me was exams that has no gap and which will rise to take stress on mental health are biggest problem in st.josephs

Schedule instability. Classes during summer.

Fee payment

Attenders were very rude

Internals are too tough per day two exams without gap we are unable to score good marks in internals

Self motivation

The attenders and senior faculty being rude, I couldn't find help when needed .

Non-teaching faculty and their attitude towards the students are the only drawbacks of the college

No all good

At the time of exams

Placements counseling was not good from the college but i faced it on my own

Unable to get in touch with higher management

Attending college

Everything

No sports related activities

Placements, and sometimes subject teaching related issues, priority of practical knowledge is very less in few subjects

Sports were not conducted

Time management

During internal exams there is no gap for next exam for me it is a difficult to manage both the subject

Since our class was at 5th floor....it was too hot to sit in class....infrastructure was not gd

Can't sit in our class in summers

B.sc was not recognized for a while

Notes unavailability

Having same classroom in the fifth floor for three years B.Sc (Mecs+Mpcs)

Communicating

Standing in a line before fee counter

Having two internals in a single day that too without any gap between the exams.

Examination branch any problems regarding mistakes in examination form no proper communication with students personally I faced very bar experience in examination branch.

Administration staff (examination branch) has a rude behavior toward students they yell at student even its thier mistake . I have been trying resolve my memo correction issue since 2019 in my first year its still unsolved now my final sem about start in a month

Exam branch responses

Sometimes few Classes Were Unable to Understand by few Teachers.

Paying fees

Nope

Few of the faculty and administrators are not coordinative and just ask us to come next day when ever we ask any doubt and it continues the same next day. It can be with incharges and fee administrators

Getting along with people

Project guide related problems

Delay in giving the ID card which was applied for the second time, exaggeration of little things to a big issue, improper communication within the departments..

Nothing is decided. Everything is told at the very end. They don't stick to what they said. They keep changing plans.

Exams and strict non teaching faculty

None that I remember.

3rd year, not same as first year.

The strength in one class is more than 50 !! In my class it was 71 so, it was kind of messy and new faculties were unable to manage the strength!!

There were no much difficulty faced.

Fee sometimes they don't even wait

Timings

Alot of problems with the many of branch repesctive faculty members they dont even speak geltly highy recomendations and nepotism towards students .

Physics Practicals lab and its equipment facilities needs to be upgraded according to number of students.

didnt face any problem

We missed one year of our college due to covid.

No books issued by the college.

Communication with the faculty and receiving sudden requirements that needed to be fulfilled asap without proper information on it.

Not really

Lack of communication with some teachers

Teachers make you wait a lot of time for single signature or really small work

Parking

SBT

Internships messages at the last moment

Clearing my backlog

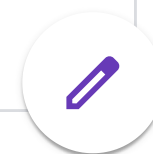

Online studying mode it was difficult for students during COVID -19

Taking principal permissions every small thing

Online classes due to COVID

Teacher's weren't very adept with English and things were a bit hard to understand

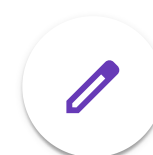

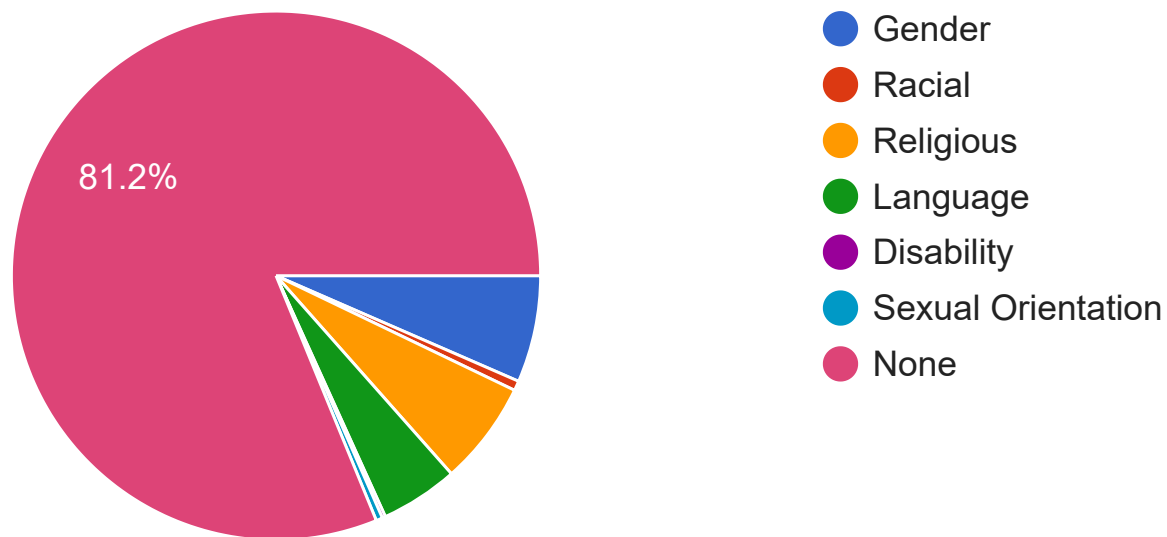

244 more responses are hidden

Did you ever experience or notice any of the following kinds of discrimination on the campus?

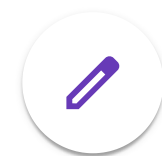

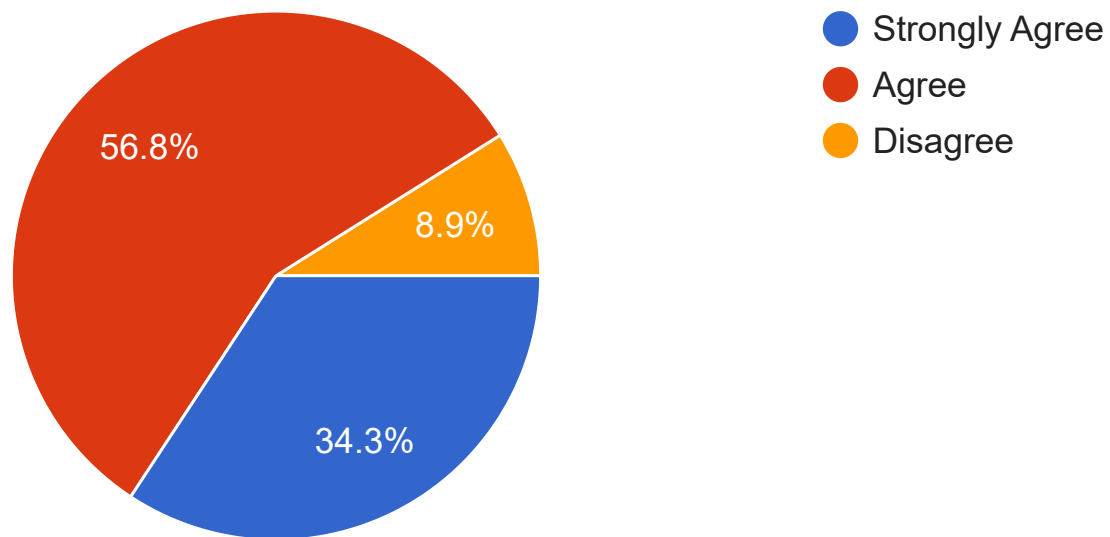

505 responses

The college promotes social awareness and community development activities

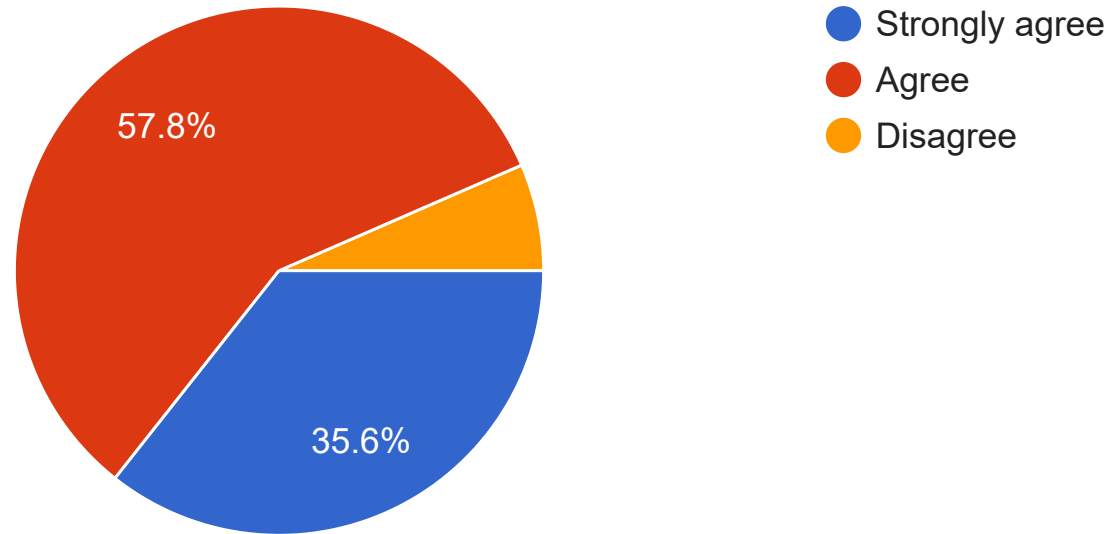

505 responses

The annual fests of the college promote talents and organizational skill of the students

Better communication

Nthg

No comments

Good way of teaching

no suggestions

Update curriculum. Lecturer's communication skills. Time management. Efficient fee collection system. Curriculum enhancing activities. Better infrastructure for extended campus. Overall better facilities.

All r good

Faster completion of syllabus

Practice more practical technology for any subjects

Just give good gap between exams which conducted and improve the practical knowledge labs as well in environment of class teaching

Better quality of lectures

Have a proper time table and promote sports.

Should get some good Faculty for some subjects.

Give time for preparing exams at the peak end of the exams also they will conduct classes

Maintain Schedule(almanac) properly

Overall the education system is satisfactory but it could be much better by involving practical activities.

Must share regular notes

Yes

Career counseling and Placement Counseling should be focused more

Improvise student assistantance

Be the same way

Change everything

Provide students a playground

The campus and canteen

You have to promote the students in some difficulty cases.present we are suffering much because of backligs

More practical knowledge to the students

A few standard placements related to subjects we pursue

College Timings

practical knowledge should improve rather than theory knowledge

Hire more no of lecturers

NONE

Industry based projects

Faculty should be a little more responsive

Improving students participation in extra curricular activities

Provides printed notes from college not tell the students to get xerox or printed just before exams and provide all units at a single time in a proper way not like one slide is copy pasted one slide is printed one is screenshot etc

Everything is good regrading acedemics.one suggestions,it would be really good if we initiate cry classes during our second year

Give a clarity off-line or on-line of class

Better assistance during any compitions

Recruit a Good and well teaching Faculty so that they may Teach Quality Education to us !!! (My Concern is about with only Few Teacher's)

Yes

Keep it up. No suggestions from my side.

Nope

Be cooperative with students when they need favours.

More of practical learning than reading of ppts

Faculty being more catering to students

Student- teacher interaction can be better

Don't hesitate to give some good and useful prizes for any event, college expects more participants for competitions white it give no appreciation apart from certificate which gives motivation for students to participate.

Plan everything and stick to schedule. No cancelling whenever felt like.

Practical knowledge

Let students use the whole campus without any letters and let students use mobile

More practical mode of learning with theory concepts.

Better Faculty, more events, not focus on studies only. Proper notes for students

The class strength to be maximum 50 & not more than that .

Making sure that all the students gets to know about about activities and internships on time

Don't Pressure students

Internals must be handled in a proper way

No suggestions.

I request to all the faculty members to behave with students in the same way the behave with their recomended one . Please talk to students i request not to maintain partiality the name of education. Some of the students have their personal financial problems and

they are unable to pay fee at that movemt please accept their examination forms and let them complete their exams first.

Weekly assessment ,quizzes and doubts clarification sessions could be added atleast for one or two subjects per week.

noo suggestions but faculty need to respond through whatsapp msgs as well

The education system is good.

To provide better classrooms to the students.

Actually be there for the students when needed and communicate calmly this way the students aren't scared to approach the faculty in terms of feeling scared of being scolded or insulted

More into activities regarding education

Teach the gaurds how to talk

Better faculty

New teachers

Provide information prior

Open gym please and ask introverts to speak up

Promote research paper and internships from 1st year

Improve the college more from the perspective of students

Teaching

Get someone active and responsive at the reception desk

Everything is fine n good

Q

Better electrical facilities

Feedback About Programme

Course requirements were explained and made available to me

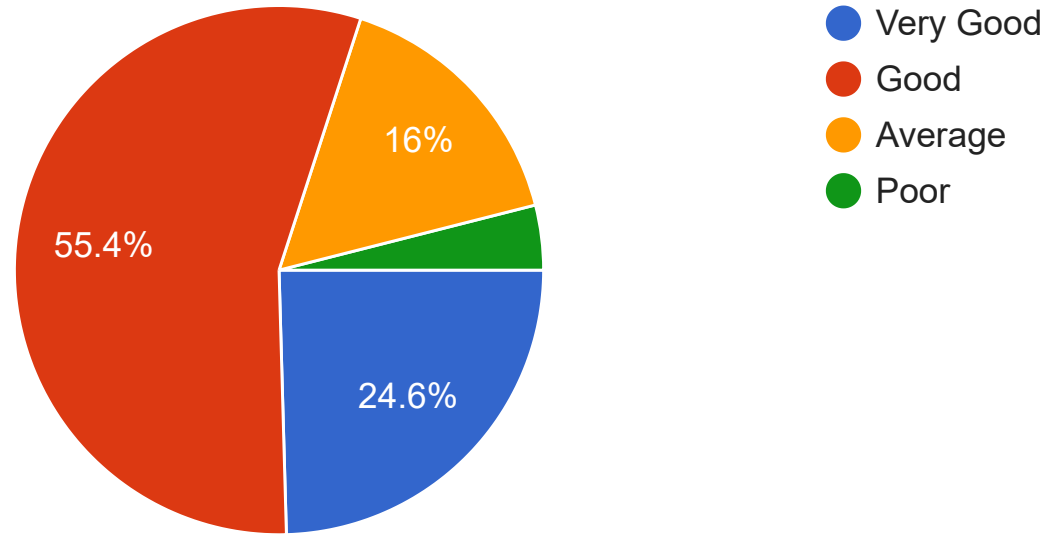

505 responses

Provided a stimulating intellectual climate

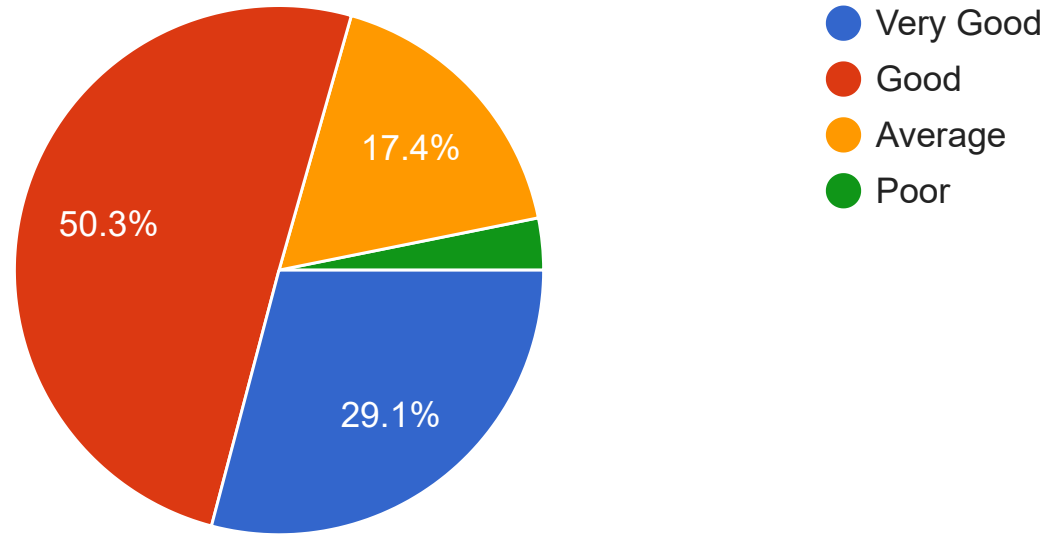

505 responses

Provided opportunities to improve subject knowledge

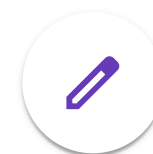

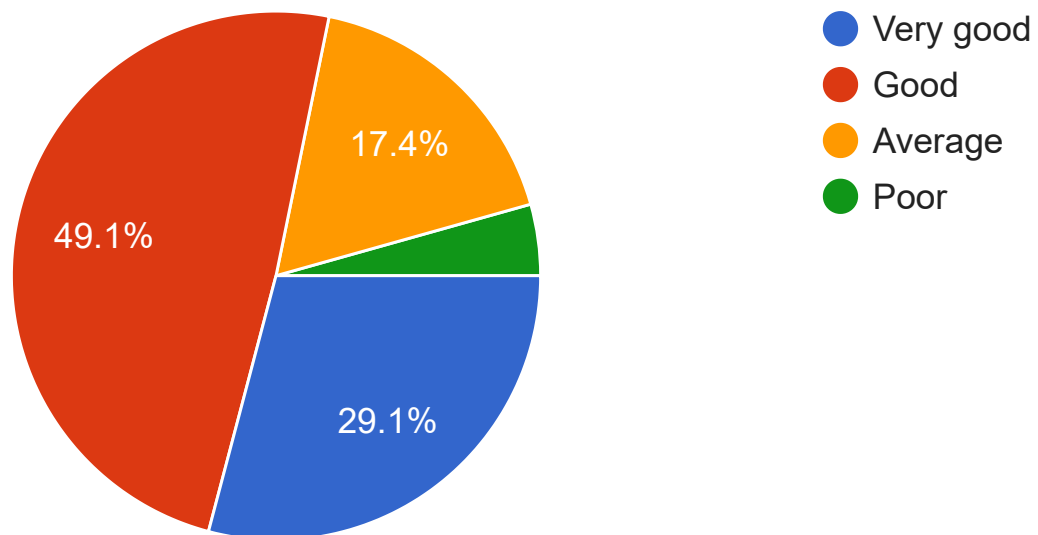

505 responses

The course promoted skill development – Basic Computer Skills, Communication Skills, Soft Skills

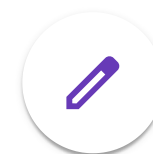

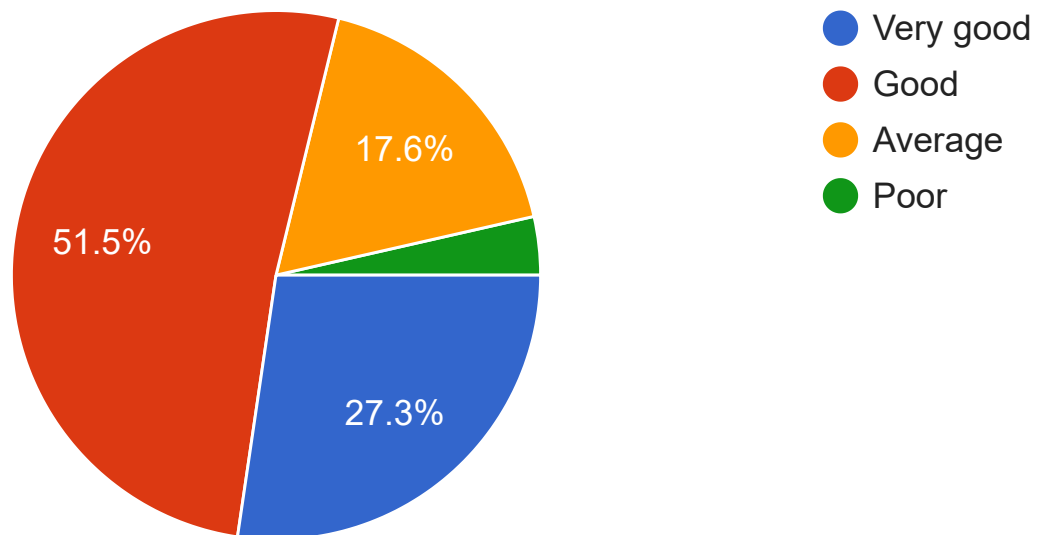

505 responses

The course content is useful for job prospects / higher learning

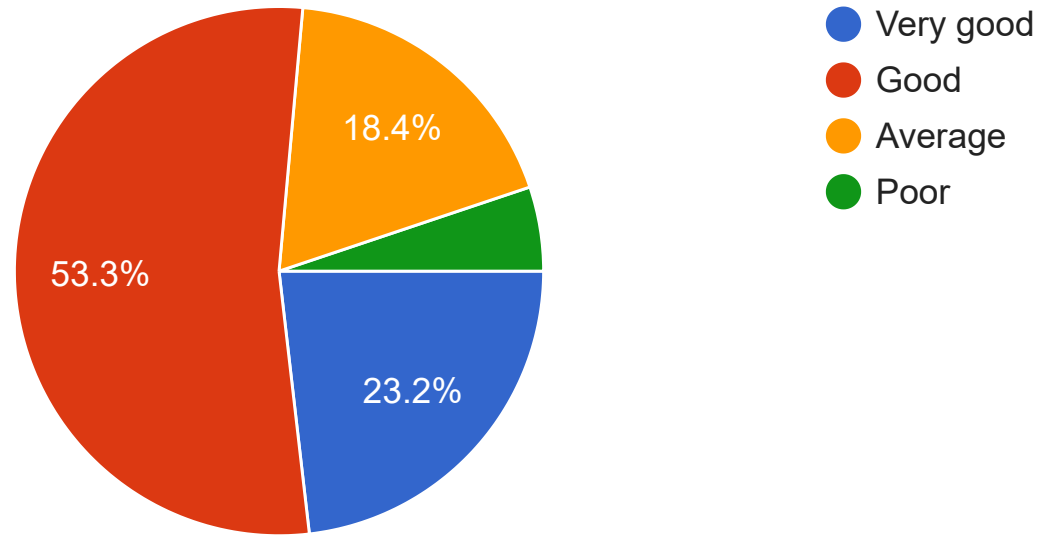

505 responses

Programme outcomes / expectations were fulfilled

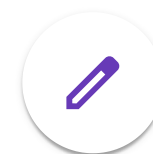

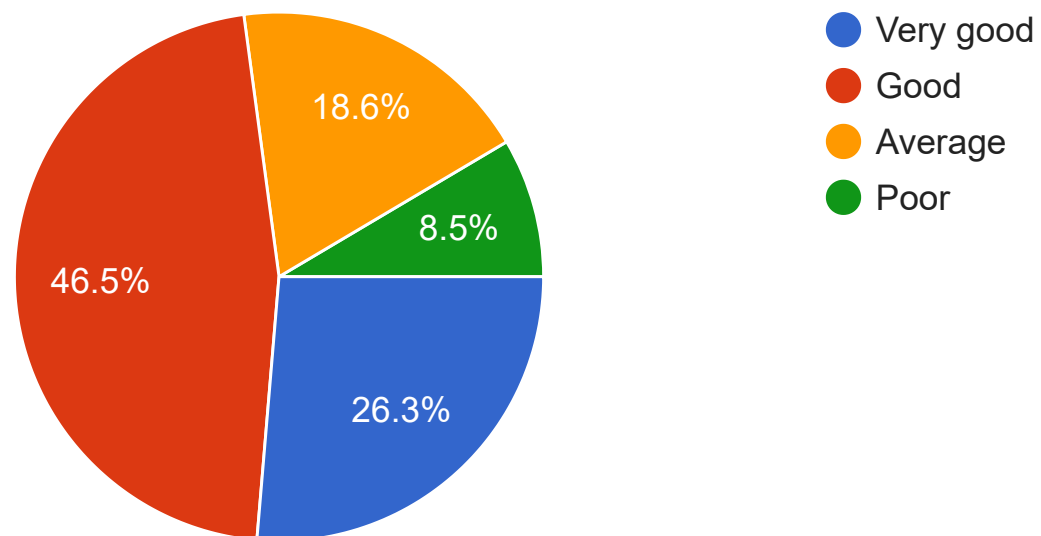

505 responses

Different teaching methodologies were followed to make learning effective and interesting

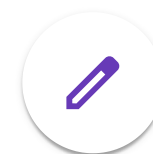

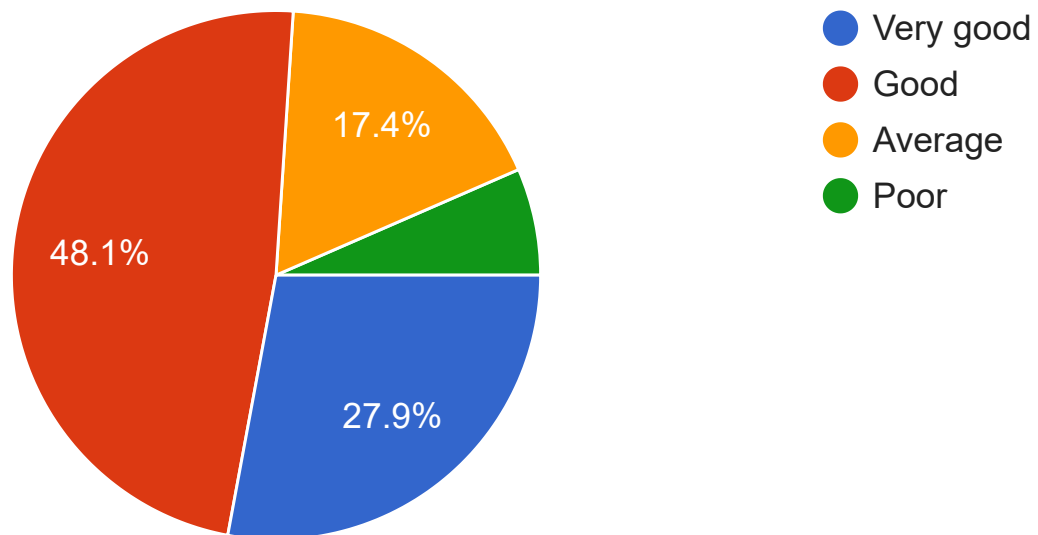

505 responses

Guest lectures, seminars , workshops conducted are informative

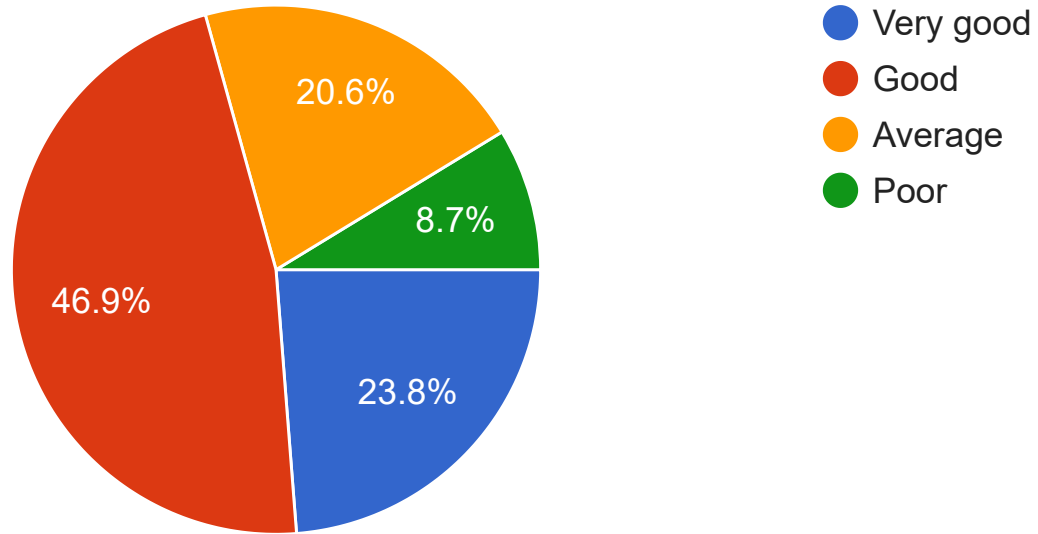

505 responses

The departmental club activities facilitated learning beyond the classroom

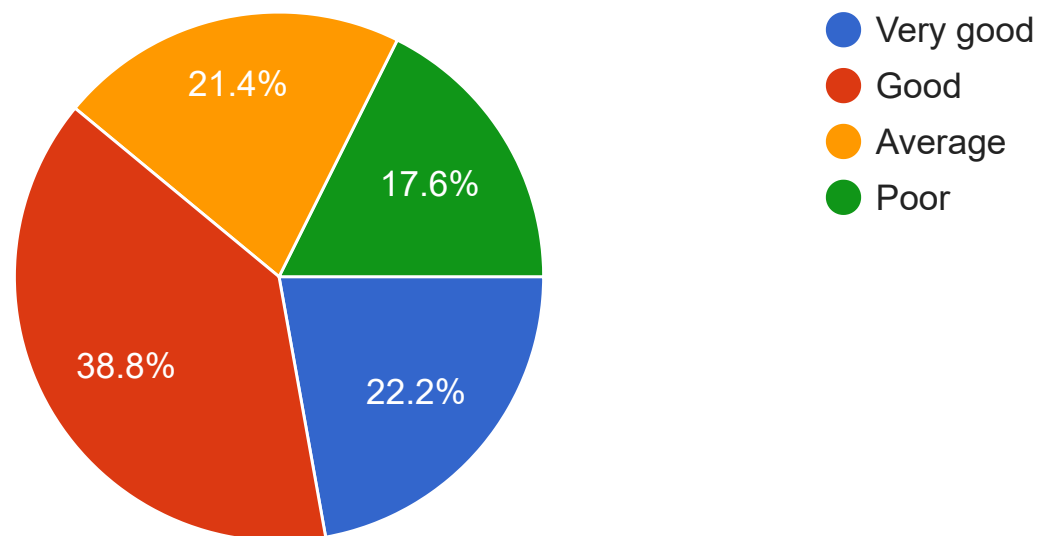

505 responses

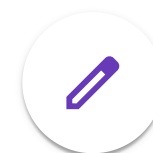

Experiential learning is facilitated through industrial visits, field trips, internships

505 responses

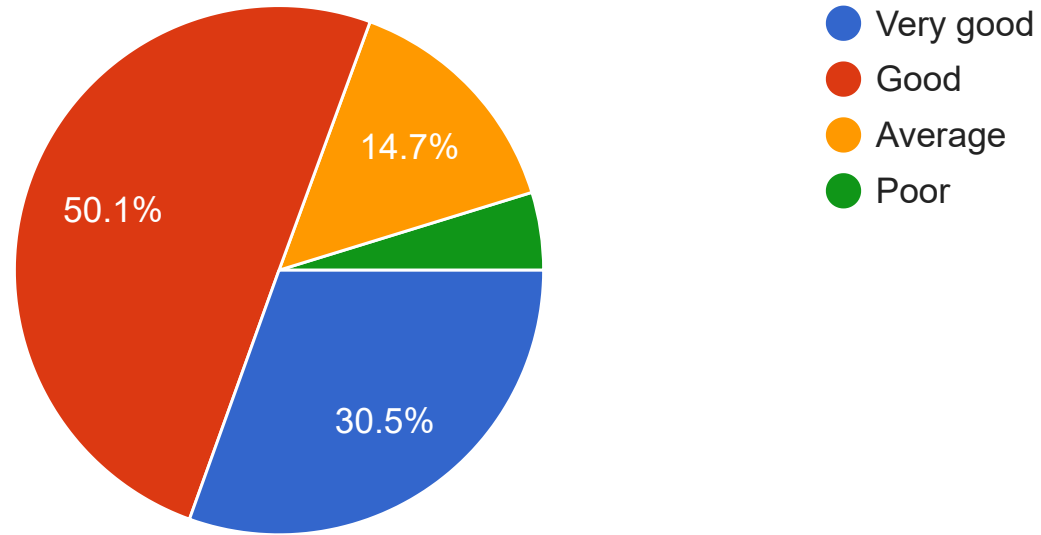

Feedback About Faculty

The Faculty had up to date knowledge and skills.

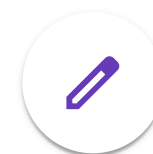

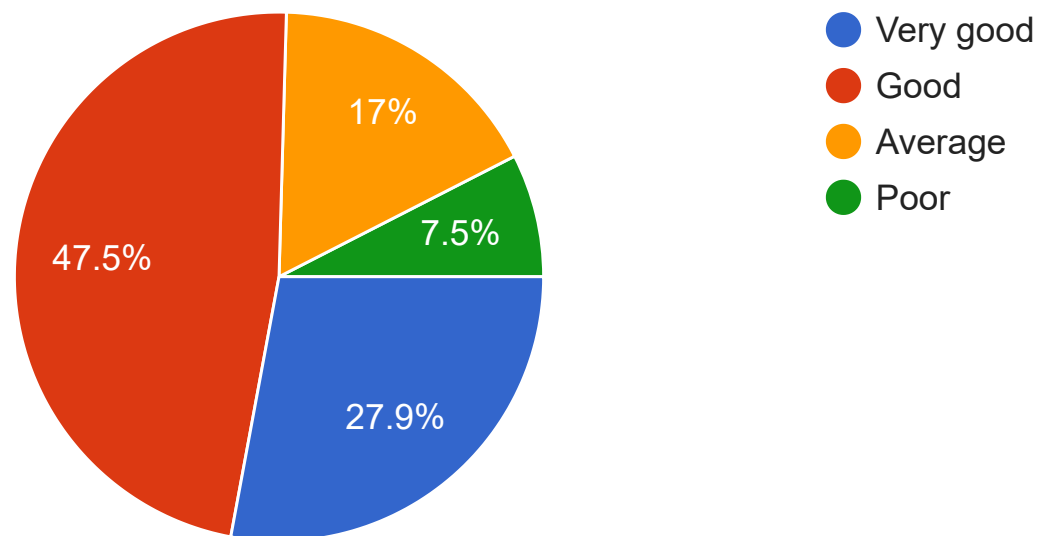

505 responses

The faculty were perceptive and understood the individual needs of the students.

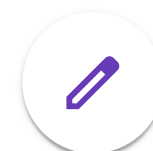

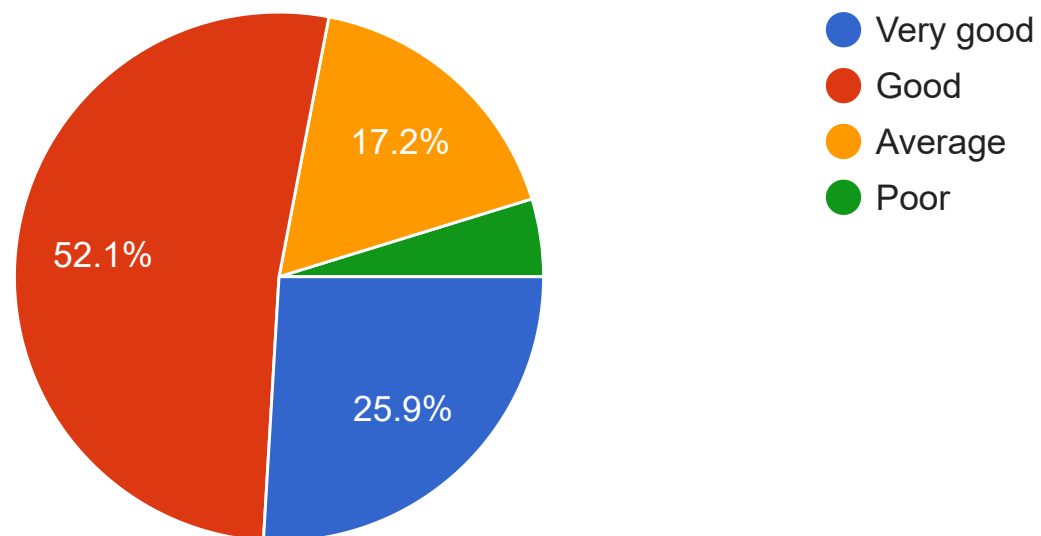

505 responses

The faculty demonstrated enthusiasm for their subjects as well as for teaching.

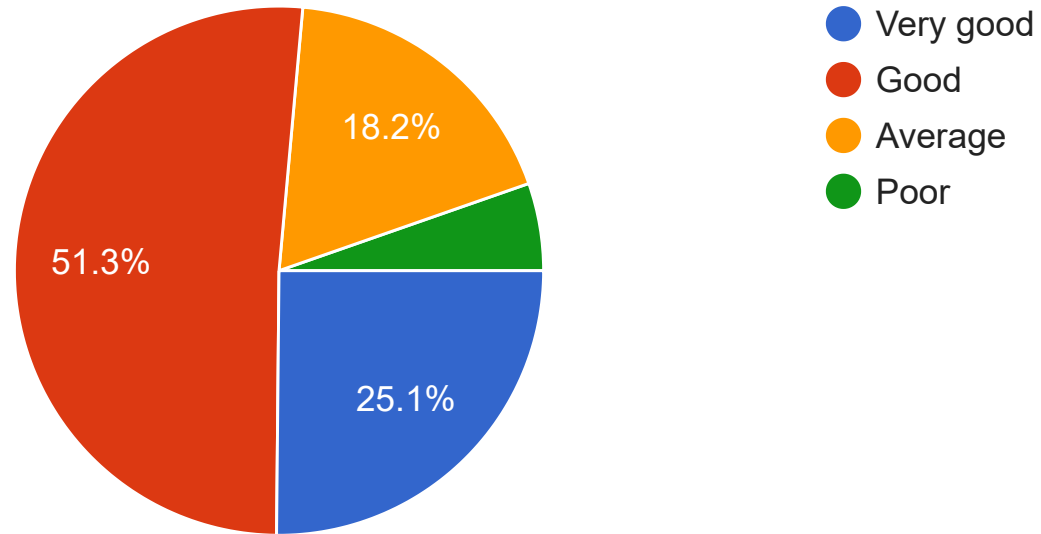

505 responses

The faculty took a keen interest in the professional development of the students.

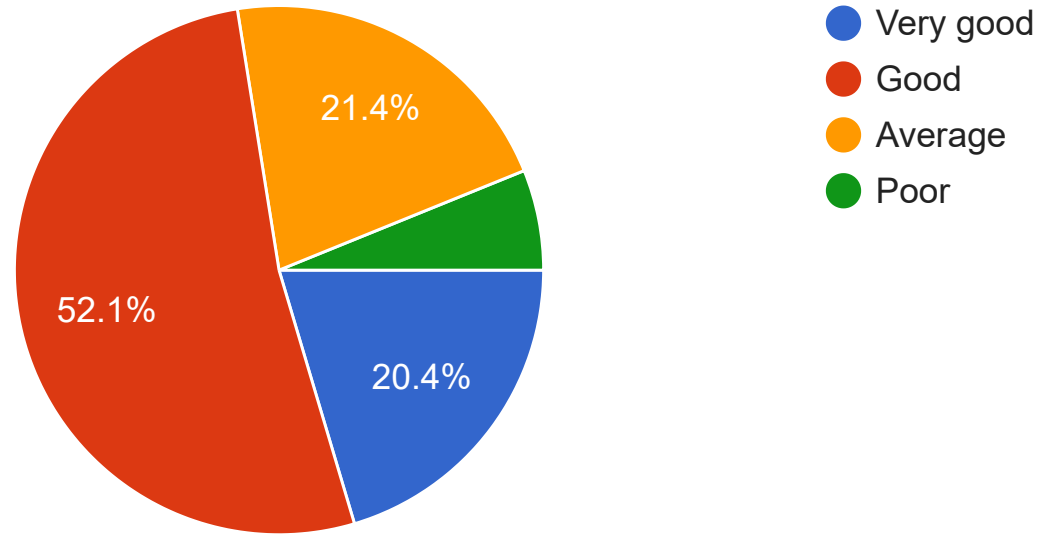

505 responses

There was adequate usage of ICT by faculty

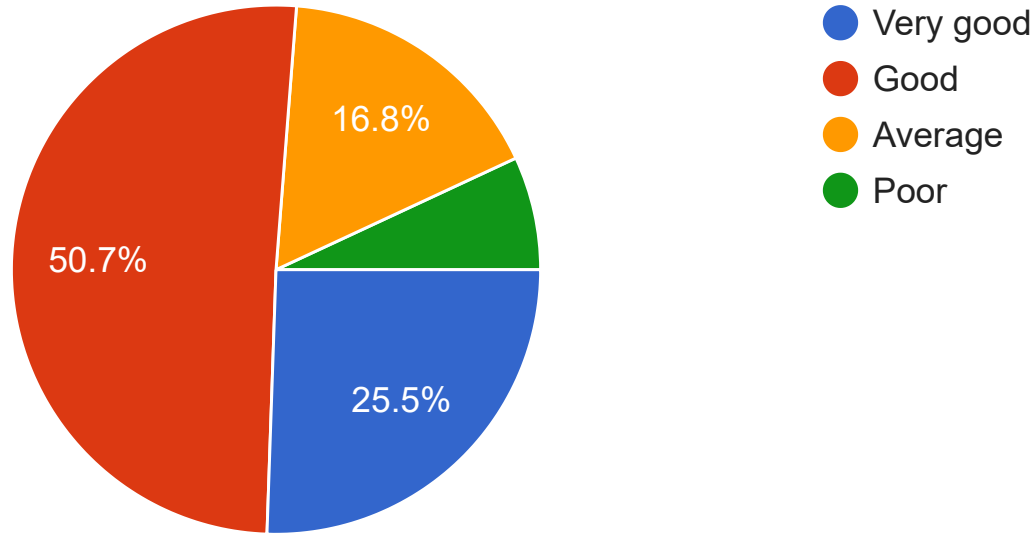

505 responses

The faculty evaluated assignments regularly and gave feedback on students' performance at regular intervals

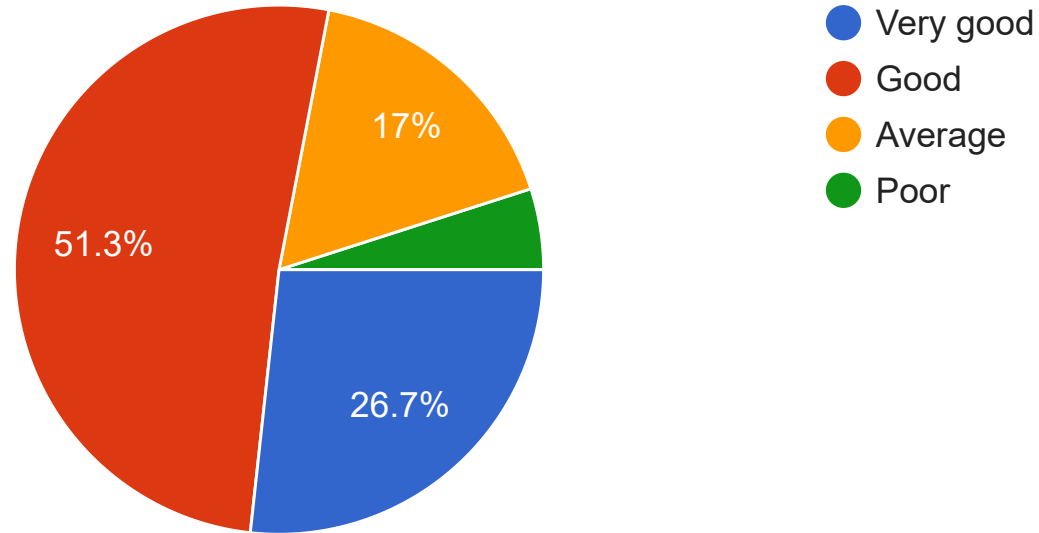

505 responses

The faculty encouraged and helped students to get adapted to online format of classes

505 responses

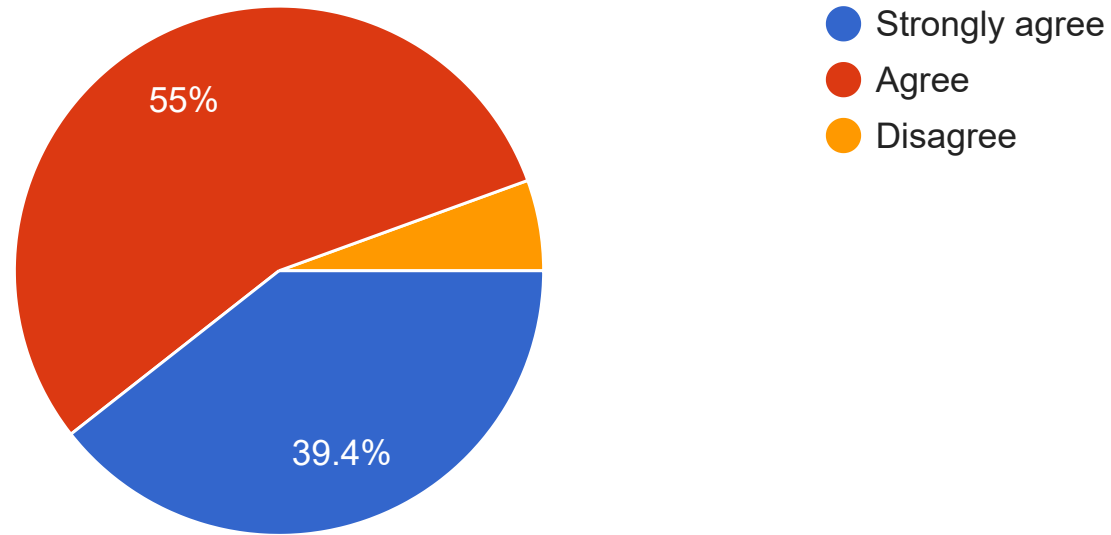

Feedback About Examination

Information about examination procedures is clearly conveyed to the students

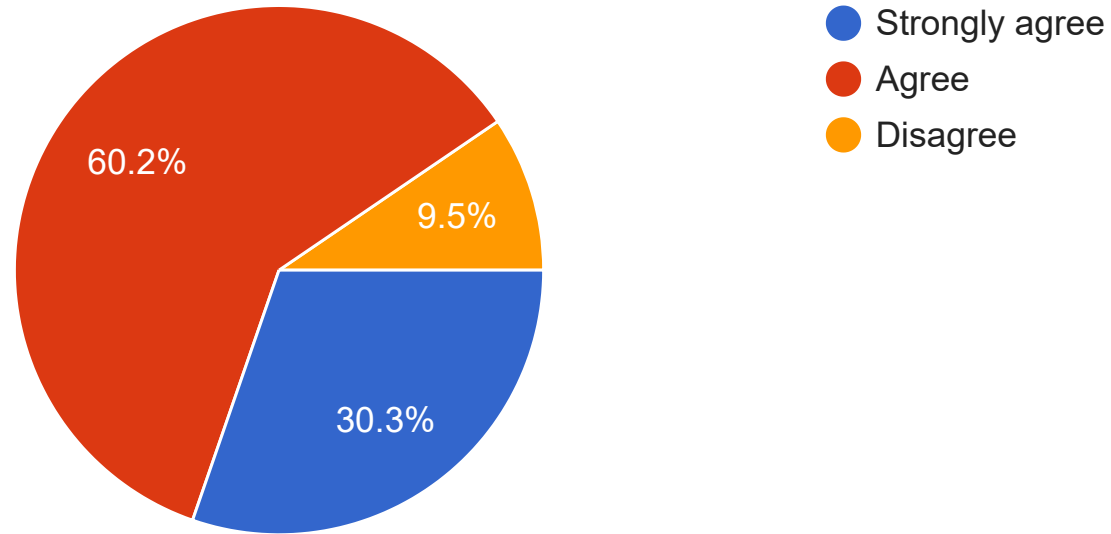

505 responses

Evaluation of the examination is fair

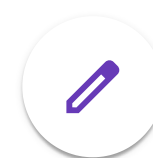

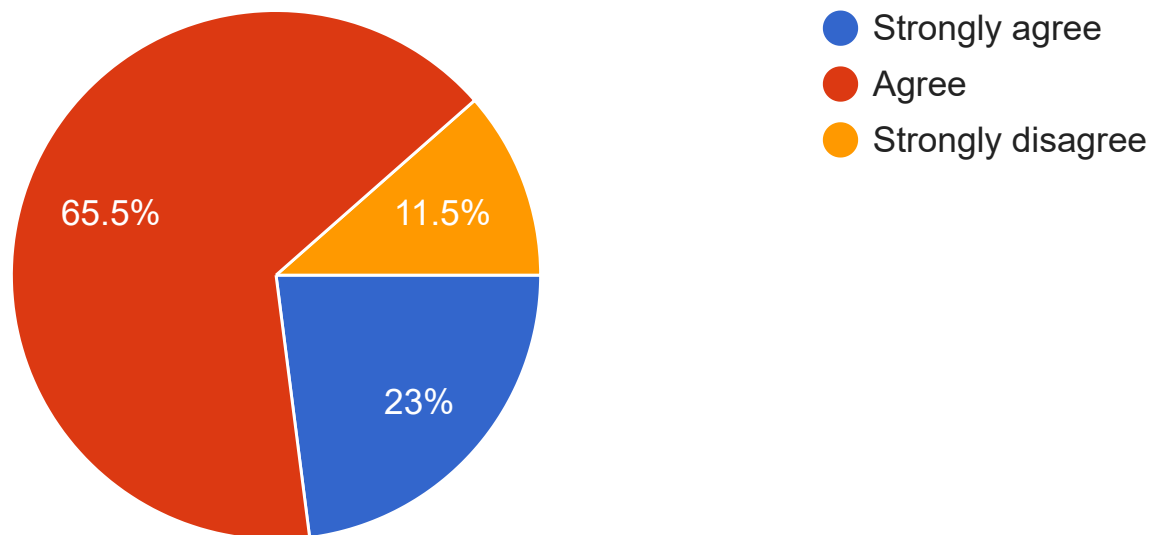

505 responses

Student grievances are promptly redressed

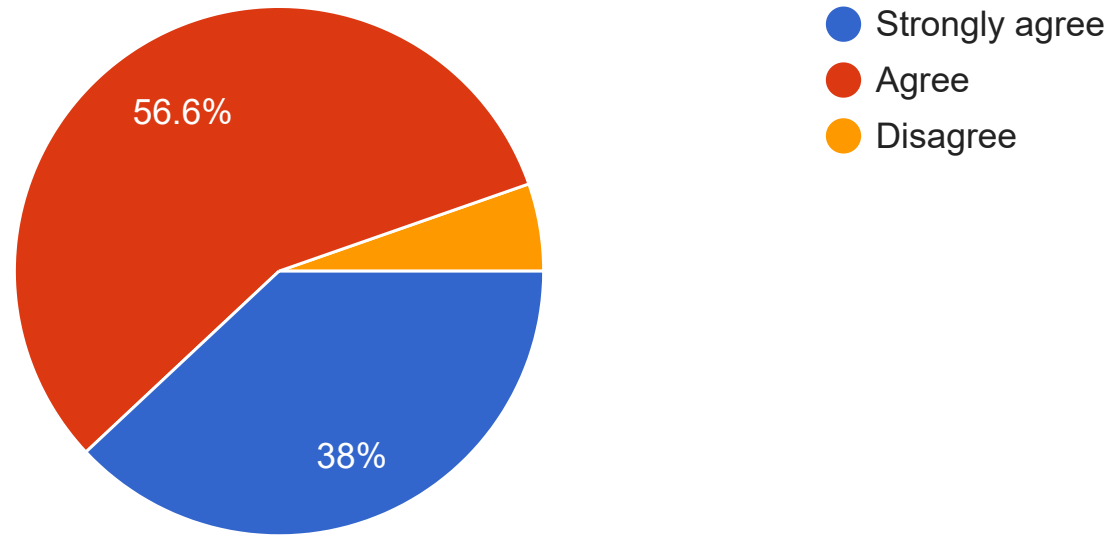

505 responses

Internal examination are conducted systematically and periodically

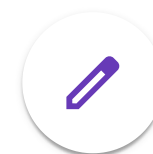

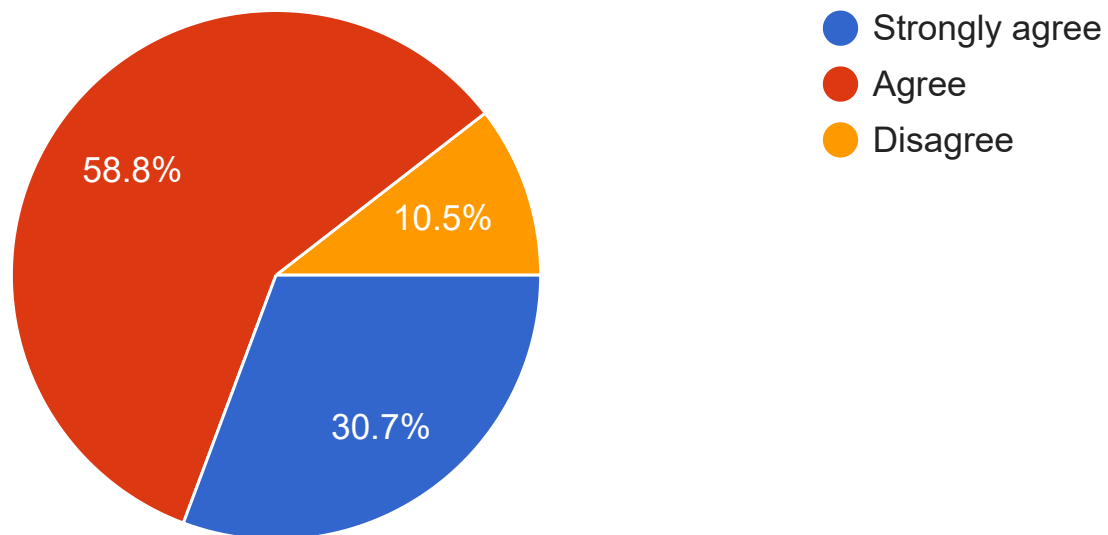

505 responses

Skill Based Tests are helpful in testing/honing the students' skills

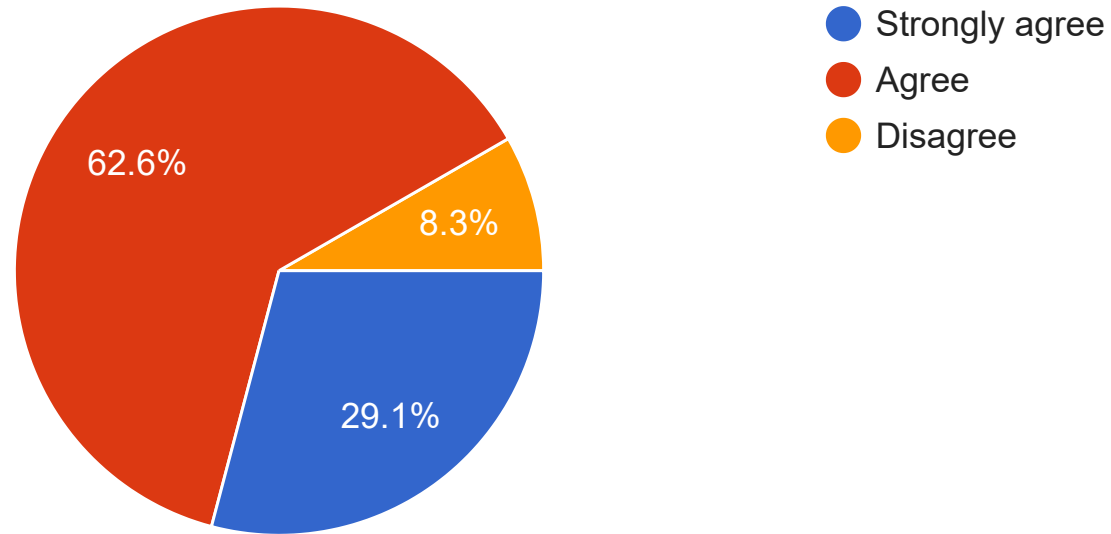

505 responses

Skill Based Tests /Assignments are well structured and objectively evaluated

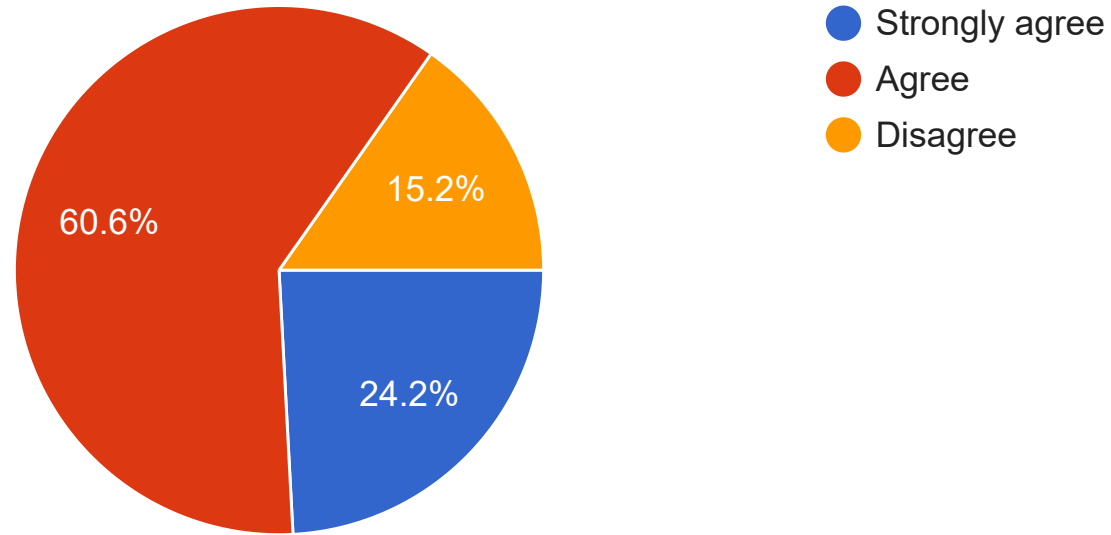

505 responses

Practical sessions are conducted regularly and systematically

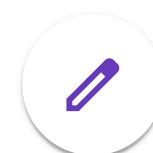

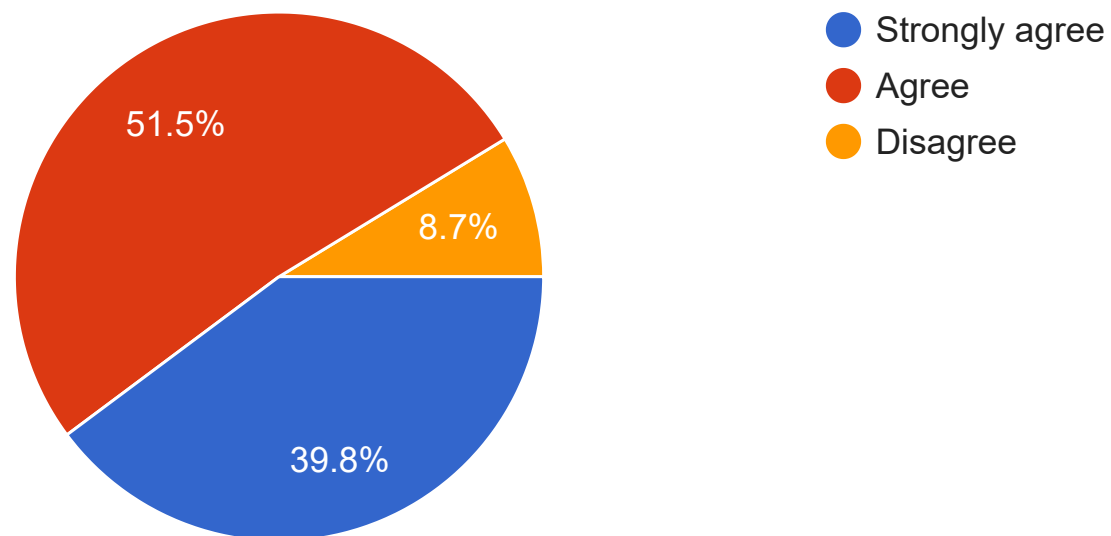

505 responses

The conduction of online examination was smooth and full technical support was provided to students

505 responses

Nothing.

Everything is good

Nope

No

–

NO

Please stick to schedules.

Nice conducted by the clg

None.

Pls have a Fiat valuation

Increase the gap between exam by exam then the results will be great

Syllabus weightage can be reduced for internals.

Good just improve on invisilation.

Should extend the date of exams now.

Mistakes in Exam application form

To understand the problems faced by students

If given some more time for VI semester exams.

Examinations fee is too high

There should be gap between the 2 internal papers for revision

Nothing be little less strict in exam hall

Worst ever experience at this college need to improve

It's nice only

You have to give immediate answers to the students

When the of revaluation comes it would be good if we get a xerox of our scripts or atleast a soft copy of it, also exams sometimes conducted creates a lot of pressure due to incomplection of syllabus

Exams were conducted well

No good

NONE

Please provide college study material specially designed for the course chosen by the students

One internal is enough imo.

Give a break between internals
Its hard to write both exams one after the other

Having one internal exam in a day

Need some Changes in examination branch

In exam branch

At the Time of Internal Exams please give a gap time to study after completing the first exam so that we may have revision for 2nd exam !!

Internals should not be 2 exms in one day

Internals in one day 2 exams with difficult syllabus kind of becomes hectic for students.

No suggestions. It was conducted properly

More time between semester exams

So far the examination structure is good but in certain situations the authorities need to understand the student's situation and allow mobile phones under unavoidable circumstances and atleast allow to keep their mobiles on invigilator's table to avoid mall practice, this should be considered only if the reason is genuine. And a break between 2 consecutive exams is necessary to perform well when in comes to internal examinations.

The fuculty are too strict and rude during exams please look into it

Proper notes should be provided, googled 70% of information for almost all thr subject.

Don't force students to pay fee sometimes they don't have it so pls have a look

There should be a gap of about half an hour between internal exams conducted on the same day

2 Internal exams should not be conducted on the trot..should give some break

Please do not bother students by not accepting forms they if they are unable to pay the term fee atleast let them write their exams .

VeryGood.

yes, examinations branch has to evaluate paper properly as many of them faced issues

Not the procedure but the evaluation because in my internal exams I had to approach my teachers for them to increase my marks as except one of my paper all the others were not properly/correctly evaluated and were not given correct marks even when the answer was fully right. Hopefully my answers aren't taken in the wrong direction. Thank you

While taking the exam on exam form. There was a long queue in front of a small office. That should be separate normal fees counter and exam form counter. In this hot summer we need to stand there and wait for our turn. Please see no one get troubled while submitting any forms or etc.

The examination branch staff needs to improve themselves properly

Provide water

Please don't clash dates with any professional course exam

All good

Close it

no

It's perfect

Lessen the frequency of examinations.

Timetable should be announced early.

Nonw

Yeaaa internals

There should be minimum 30min time gap between exams.

no

Plz conduct all the exams online

College should make sure that the teachers in examination office and the examination procedure should be fair and marks need to be awarded on the basis of the performance of the students and the teachers in examination room are very much rude they should be polite.

Too frequent exams are conducted

Arrange only one internal exam per day... Not two internal exams.

The papers need to be corrected accurately.

Can have a clear idea about the examination process

Waste

Noo

Internal should be one day one exam

Can help and discuss with the students to help better their performance

No nothing like that need to be improved its all good

There should be computer-based tests & practical questions

N/a

Diagree

Reduce the marks weightage of internal examinations

Proper seating arrangement

Everything is fine.

Nothing much it's perfect
