VALUE ADDED COURSES

Value Added Course / Certificate Course: 2 credits

Value-Added Courses are specialized programs offered to the students during the first year of course of study for all UG students. These courses are designed to complement the academic curriculum by offering targeted learning opportunities that address current industry demands and promote personal development, thus increasing the students' employability quotient.

It is mandatory to complete one Value Added Course of the student choice from a wide range of offerings by the end of the first year. These include Departmental Value Added Courses and Skill Enhancement Value Added Courses.

The courses are conducted either on Saturdays or after regular class hours, providing flexibility for students to pursue these additional learning opportunities. They are delivered by a combination of expert external professionals and in-house faculty members.

Each course typically requires a minimum of 30 hours of instruction, and upon completion, students must submit their certificates to the Class Incharge and Convener to earn 2 credits.

Note: It is mandatory for the student to complete one value added course to acquire his/her degree
