Feedback About Programme

Course requirements were explained and made available to me

 Copy

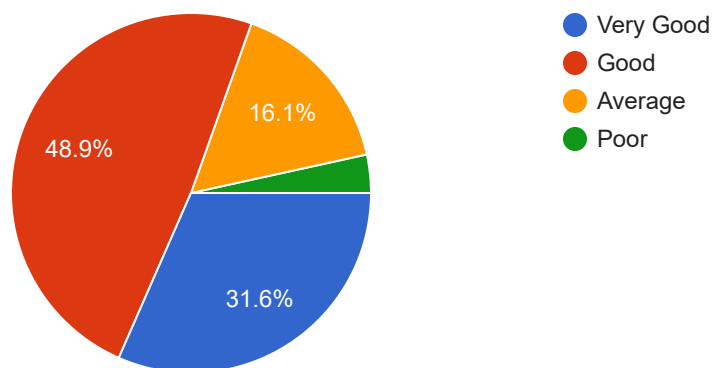

757 responses

Provided a stimulating intellectual climate

 Copy

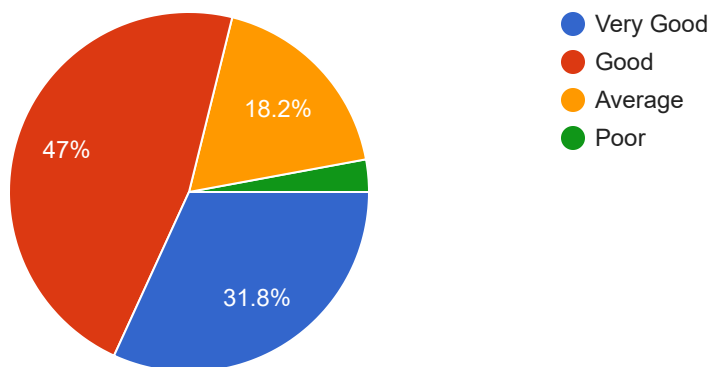

757 responses

Provided opportunities to improve subject knowledge

 Copy

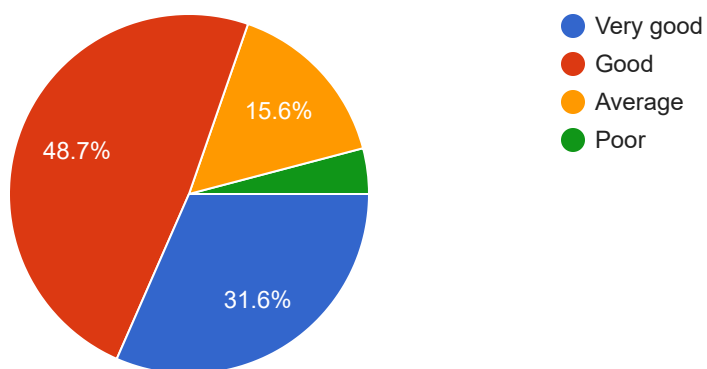

757 responses

The course promoted skill development – Basic Computer Skills, Communication Skills, Soft Skills

 Copy

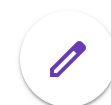

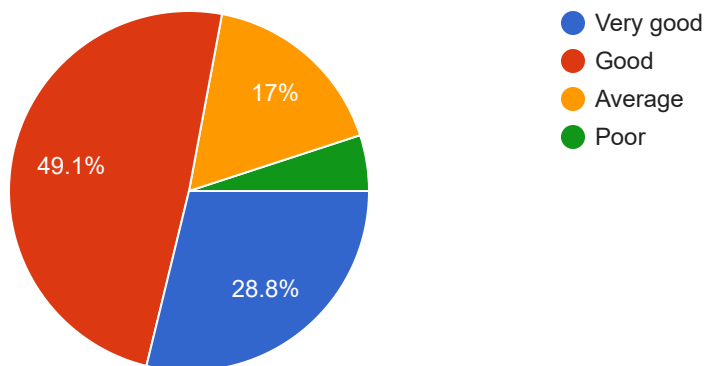

757 responses

The course content is useful for job prospects / higher learning

 Copy

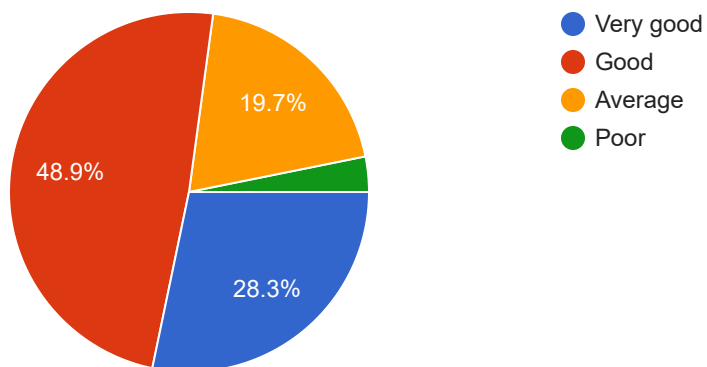

757 responses

Programme outcomes / expectations were fulfilled

 Copy

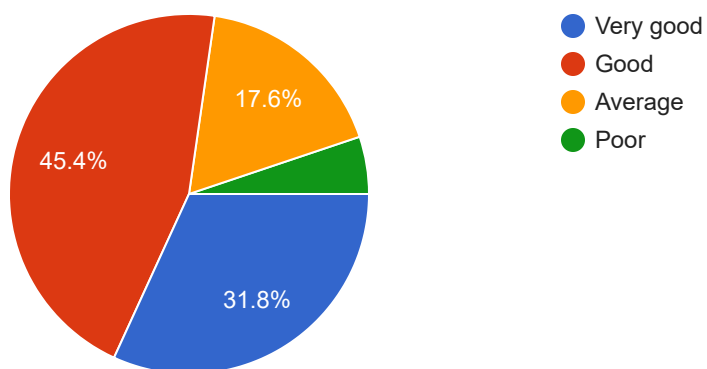

757 responses

Different teaching methodologies were followed to make learning effective and interesting

 Copy

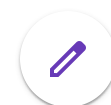

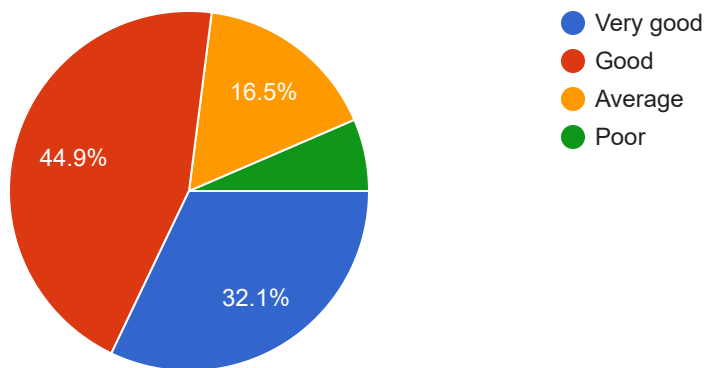

757 responses

Guest lectures, seminars , workshops conducted are informative

 Copy

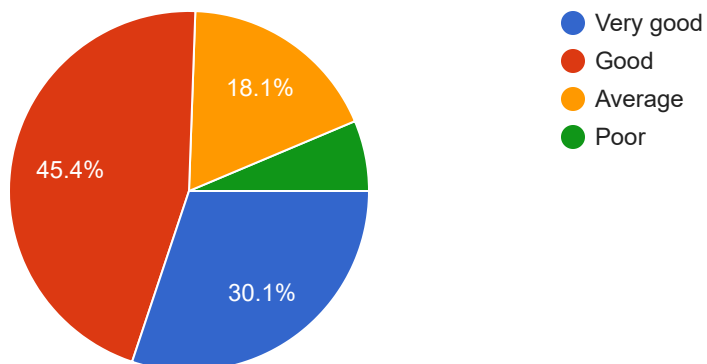

757 responses

The departmental club activities facilitated learning beyond the classroom

 Copy

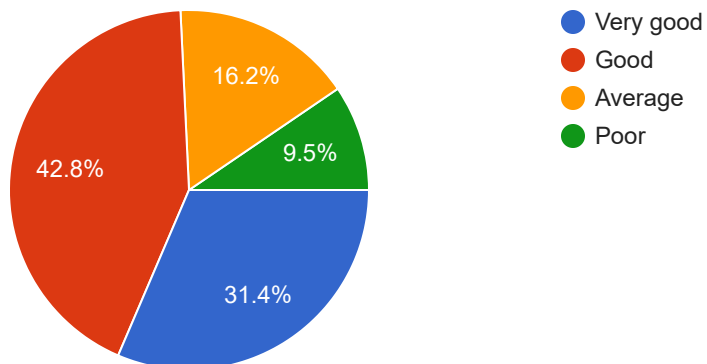

757 responses

Experiential learning is facilitated through industrial visits, field trips, internships

Feedback About Examination

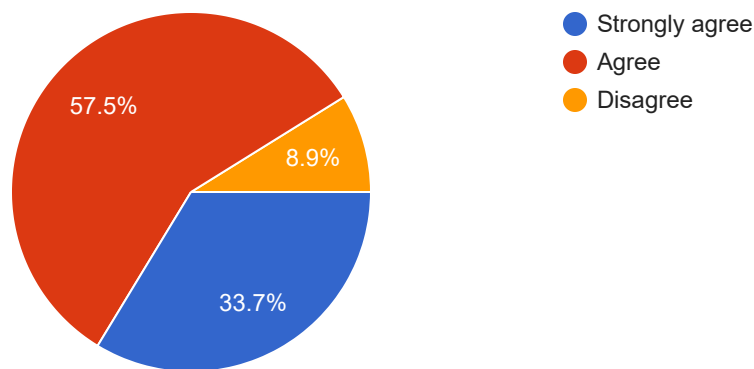

Information about examination procedures is clearly conveyed to the students

757 responses

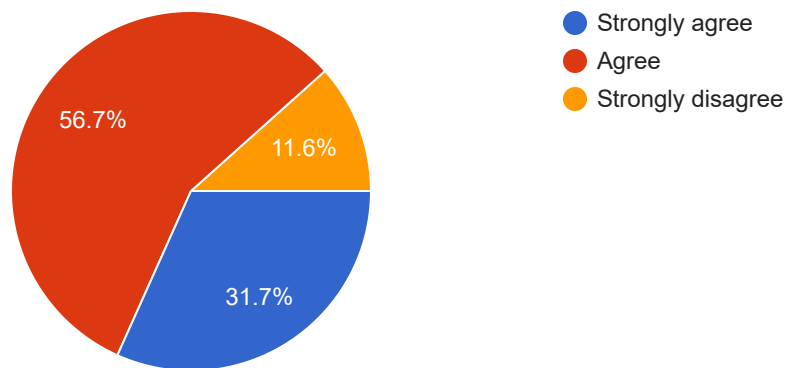

Evaluation of the examination is fair

757 responses

Student grievances are promptly redressed

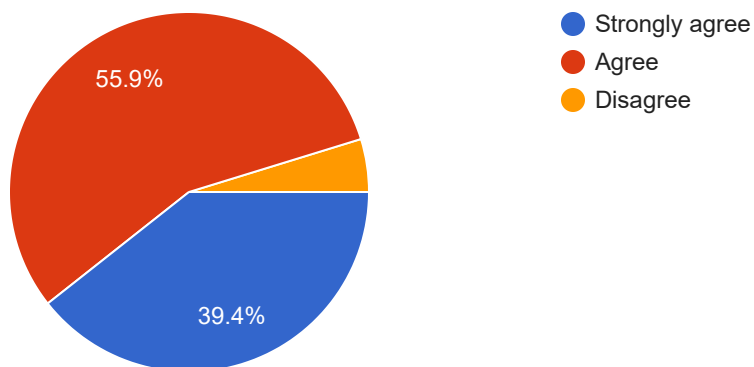

757 responses

Internal examination are conducted systematically and periodically

 Copy

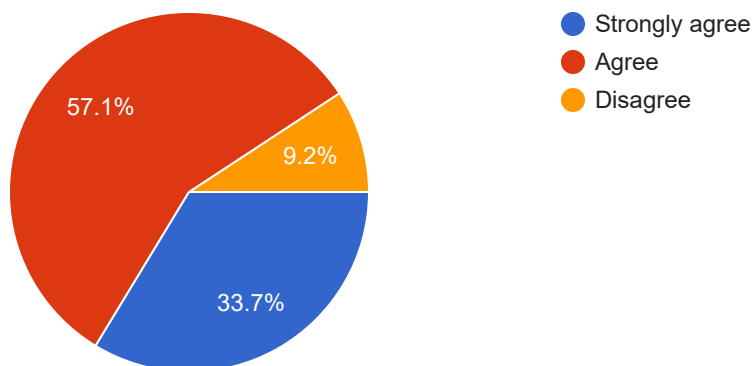

757 responses

Skill Based Tests are helpful in testing/honing the students' skills

 Copy

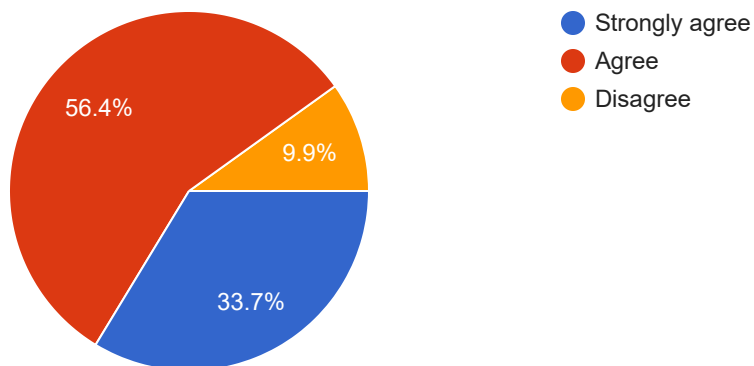

757 responses

Skill Based Tests /Assignments are well structured and objectively evaluated

 Copy

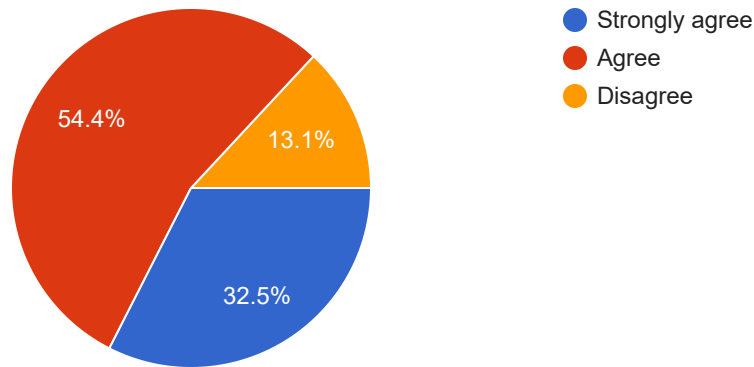

757 responses

Practical sessions are conducted regularly and systematically

 Copy

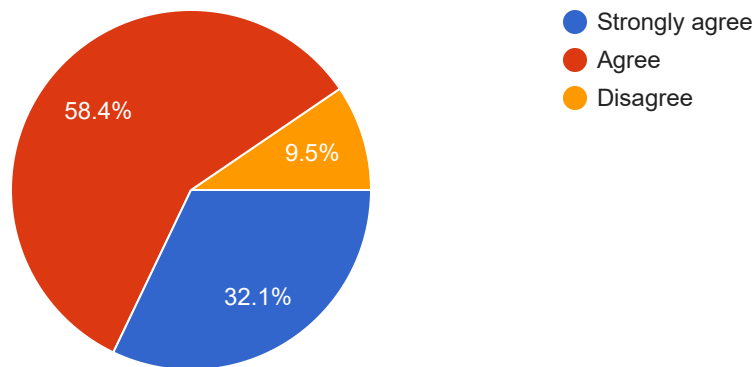

757 responses

The conduction of online examination was smooth and full technical support was provided to students

 Copy

757 responses

If students complete their exam before time then they should be allowed to leave the exam hall in external exams(atleast CA,CS,CMA students should be allowed)

Examination should not be held in festivals

Nothing needed

Can be well with students pursuing internships

Please don't keep two exams in a same day

Well nothing to say

I feel many times the revaluation papers are not actually corrected again especially if there's A+ and the student expects O. It would be great if these are done more properly and do not assume it's already A+ why's there a need for correction. The student might be expecting an O or their aim might be to get full 10 CGPA but even after writing deserving answers for an O they get A+

Faculty responsible for examination department can be nice to students.

The examination branch were rude and delayed in attending us. It would have good if they were a little nice and approachable

Sometimes we have both the difficult exams on one day itself. It's better to go with one easy exam & one hard exam in Internals. Other than that everything is good

No issues in that.

Better evaluation

Nothing specific

The problem is with faculty they don't have proper knowledge of the subject and they cant communicate accurately as their english language is the barrier

TRY TO GIVE QUESTIONS WITHIN THE SCOPE OF OUR SYLLABUS

Answer sheets should be shown to people who want to see!!!!

There no such thing to change in the examination procedure

Correction based on quality of content over quantity of content

Some of the teachers should fairly evaluate the Internal papers, once i almost lost 10 marks (out of 30) because of the teachers negligence.

Please make one paper per day for internals also.

Too many restrictions on dress code.

Last minute updates are leading to student inconvenience

Fair evaluation

Timings

nothing much

Change the process for Submission of examination form.

To change the process of examination form, as students face many problems relating to that , very big queue before the collecting examination fee so please do change that

Backlogs exams should be held every semester.

Ni

Setting clear learning objectives and assessment criteria in exams offers students specific goals to work towards.

nothing

The failed student who do revelation will get more difference in marks for example if a student fail then he apply for revelation then after revelation he get A+ in that subject. The Evaluation of paper should be improve.

More accuracy should be in examining the semester papers because some we get a backlog and if we put for re evaluation it will become A+.

Very thing best

Ss

They tell about the exams before 3 weeks they told 1 week before they will always tell suddenly its too hard some students

Zc v

Correct method of correction

The re-evaluation process is not fair enough.

Sgsbzbz

No suggestions.

Fee counter lot of rush , should try to improve the maintenance of college

NO SUGGESTION

Application procedure is too hectic

Yea

no suggestions..its going good

It has been noticed that we need to apply for revaluation often which is 300 rupees

Fareness in correcting

Allow students to have smtg during exam atleast during the summer exams as they end up having a sun stroke

Hednduejenskxjdwbhx

Leave the students for examination

More gap between internals would be great since studying for two subject simultaneously results in one exam going well other not so good

Internals can be taken one per day

NO

The examination procedures are perfect

Excellent no suggestions

NONE

Must enhance personalized teaching

students should be shown the exam sheets so that we learn our mistakes

Emphasis should be put on quality of answer over quantity while evaluating.
