Activities Details

Type of Activity	Audit
Title of the Activity	Academic Internal Audit
Date/s	11, 12 & 13th, November 2024
Time	1.00 Pm onwards
Venue	Respective departments

Synopsis of the Activity (Description)

Report on Internal Academic Audit

Dates: 11th, 12th, and 13th November 2024

Organized by: Internal Quality Assurance Cell (IQAC)

Synopsis of the Activity

The Internal Academic Audit was conducted over three days with participation from the Principal, Dean Academics, Heads of Departments (HoDs), Additional HoDs, and senior faculty members as Auditors. The IQAC facilitated an orientation for the auditors, providing detailed guidelines on the parameters, criteria, benchmarks, and documentation required. Departments were provided with an audit template in soft copy and asked to compile relevant documentary evidence for the specified metrics.

The audit process was systematically organized, with the auditors divided into two teams inspecting departments concurrently as per a predefined schedule. Each department filled out the audit template and presented it to the auditors. The auditors thoroughly reviewed the submitted documents and recorded their observations in the handouts provided by IQAC.

Highlights of the Activity:

- Detailed orientation session for auditors on audit methodology and expectations.
- Distribution of a standardized audit template to ensure uniform reporting.
- Smooth execution of the audit process through well-coordinated teams.
- Comprehensive review of department documentation by auditors.

Key Takeaways:

- HoDs gained deeper insights into audit parameters and metrics from different perspectives.
- Strengthened focus on documentation practices to meet audit benchmarks.
- Enhanced inter-departmental synergy and collaboration during the audit process.

Audit Review Meeting:

Date: 14th November 2024

An audit review meeting was conducted to share the findings and observations with all stakeholders. The auditors presented department-wise feedback, highlighting strengths and areas for improvement. Discussions provided clarity on various metrics and emphasized the importance of adhering to quality standards.

Summary of the Activity:

The Internal Academic Audit was a well-coordinated exercise that enhanced awareness and understanding among departments regarding academic benchmarks and documentation requirements. The synergy exhibited during the audit process reflected a collective commitment to quality enhancement. The observations and feedback provided by auditors will help departments sustain and improve their quality standards, contributing to the overall institutional excellence.

Conclusion:

The audit exercise effectively fostered a culture of quality and accountability across the institution. It not only identified areas of improvement but also recognized the efforts and strengths of each department, setting a robust foundation for continuous development. Additionally, it highlighted specific lapses in each department, prompting the initiation of plans for gap-filling to address these issues and further enhance institutional quality.
