Good teaching

All is well

All good

Great

N.A

Good experience

We want teachers to interact with students and encourage their talents and in which they are good in so that he gets self confidence and goes forward in career

Be little kind to students

1. No curricular activities
2. No good Digital teaching
3. Stupidity of certificate course

For now everything related to teaching is okay !

Valuations should be made properly  
Should communicate more with the students  
Should give time to complete the assignments/ SBT / record

NON

Friendly faculty

Focusing on upcoming technology

By keeping it simple and clear from basic to peak by covering every detail in a particular subject.

Internal exams should be based on practical knowledge

The overall experience from St Joseph's Degree & PG College is really good there is no much improvement needed

It is excellent

Nothing for now

Clearly convey the information to the students in advance

- We need a modern approach rather than book knowledge
- We need an interactive approach with students rather than one way teaching to complete the syllabus
- We need faculty to give us the exposure of industry rather than outdated information
- We need industrial visit for a broader exposure

offer placement for bba ba as you are charging huge amount of fees from them.

- 1) Sir should have talk in a polite way.
- 2) Maam should understand our interest in every subject.
- 3) Please motivate us in the extracurricular activities.

Everything is good in academics

Gsisns

It's great,  
No such suggestions

Leniency in dress code should be practiced  
Faculty should be more friendly

Communication, clarification, discuss

I don't know

Respect students ,tried to understand there problems, tried to be reasonable with the students instead of stopping teaching and stopping giving noteand provide proper notes instead of self learning

Take us on field visits , and more of practical experience

PYTHON SHOULD BE IMPROVED

College infrastructure

Experience  
Friendly  
Helpful

Make the use of projectors more

Three observations or suggestions to improve overall teaching and learning experience in institution are: 1) Use better graphics and visual media to engage students well. ... 2) Try to reach every student and ask for their doubts. ... 3) Make teaching a two way interaction.

try to reach every student and ask for their doubts

there's a lot of targetting and favouritism which is discouraging to the other students

Teachers need to be approachable and fair. Being biased is really unfair. You can give favours to someone you want in power. And when some students come to you after being bullied, all you get is "they do the same with me"? I was being bullied and nobody did anything. I am really really unsatisfied with what happened with me. Even after filling this form I know nothing's going to change, our voices will be suppressed as always. Biasness and unfairness is the motto of the teachers. I feel suicidal after what happened to me.

Nile

Timings should be changed  
Attendance should be also 65%  
Internals one day one exam

Notes

Questions and answers in pdf format  
Important study material

-Should hire the experienced facilities

Implementing practical problems

Focus on real world work rather than theories

Should teach required skills sets and ability to apply the teachings in work environment

1. To have some more practical (lab) sessions
2. To low up the record( SBT work )

Be fair

First thing the faculty doesn't know the knowledge about the subject they will try to escape the chapters at the end semester the students are troubling and my request is for the year next of I hope this from st Joseph's degree and pg College

1. A Lil' more empathy and understanding of students's issues
2. More focus shld be on making sure that each student understands the concept throughouly

rather than meeting deadlines

1. Improve computers faculty for b.com computers students

Implement interactive teaching methods Integrate technology into the learning process ,Create a positive and inclusive atmosphere

Language: I had difficult understanding telegu, best English for explaining the concepts not all teachers only a few .

Better lab: systems not working

Improve industry visits

Practical learning should be increased

More interactive and practical

nothing

NIA

Teachers can be more understanding

Can elucidate more in examples rather than theory

Use better graphics and visual media to engage students well... 2) Try to reach every student and ask for their doubts. ... 3) Make teaching a two way interaction.

1 don't give too much work to do at a time

2 encourage more to participate

3 be polite towards students
